Principles of Decoration in the Roman World Annette Haug, M. Taylor Lauritsen, 2021-04-19 This book explores the manner in which architectural settings and action contexts influenced the perception of decoration in the Roman world Crucial to the relationship between ancient viewers and media was the concept of *decor* a term employed by Vitruvius and other Roman authors to describe the appropriateness of particular decorative elements to the environment in which they were located The papers in this volume examine a diverse range of decorated spaces from press rooms to synagogues through the lens of *decor* In doing so they shed new light on the decorative principles employed across Roman Italy and beyond **The Centurion Principles** Jeff O'Leary, 2007-01-18 The Centurion Principles approaches leadership in a fresh and compelling way for leaders at all levels of responsibility Rather than long lists of principles and ideas with explanations this book teaches leadership concepts through captivating models revealing the hows and whys of leaders making decisions

during their most difficult hours This approach of placing readers in the shoes of decision makers provides a realistic and gripping application of leadership principles The book is designed to motivate a reader into becoming the kind of leader that will leave a stirring legacy a Centurion Leader New York Times bestselling author Colonel Jeff O Leary ret illuminates the defining moments of great leaders including Julius Caesar Joan of Arc and Abraham Lincoln **The Heart of the Bible** Hugh Hill,2013-03-08 A journey through every book of the Old and New Testaments This overview of the whole Bible sets out the big picture bringing the central message to light Hugh Hill explains simply and clearly how each book of the Bible fits into the whole He helps us to read with understanding providing background detail on the historical and political issues literary forms and theological ideas This highly readable volume provides solid ground for further study and offers illuminating insights for those who preach and teach I read this blockbuster of a book with growing appreciation then admiration and finally with applause I wish both I and all my students past and present had read this wonderful introduction to each book of The Book before Bible college Dr Steve Brady Principal Moorlands College and Chair of the Association of Bible College Principals A tour de force helpful straightforward timely Revd Dr Tony Sargent Principal Emeritus International Christian College A great tool for Christians to get a grasp of all the books of the Bible Biblical clarity blended with pastoral warmth Trevor Archer Director of Training The Fellowship of Independent Evangelical Churches FIEC Full of useful and edifying material helps the reader to view the unfolding of God s plan of redemption through the story line of Scripture and to understand its relevance today Robert Strivens MA ThM PhD Principal London Theological Seminary Principles of Victory Charles Grandison Finney,1981 *A Companion to Roman Art* Barbara E. Borg,2019-11-04 A Companion to Roman Art encompasses various artistic genres ancient contexts and modern approaches for a comprehensive guide to Roman art Offers comprehensive and original essays on the study of Roman art Contributions from distinguished scholars with unrivalled expertise covering a broad range of international approaches Focuses on the socio historical aspects of Roman art covering several topics that have not been presented in any detail in English Includes both close readings of individual art works and general discussions Provides an overview of main aspects of the subject and an introduction to current debates in the field **Commentaries on Roman Art** Richard Brilliant,1994 Richard Brilliant s work revolutionised the study of Roman art tracing its connections to Greek art This collection is divided into three sections portraits Roman adaptation of Greek models and symbolic aspects of Roman art including Jewish symbolism and Greek myths *Comparing Roman Hellenisms in Italy* Basil Dufallo,Riemer A. Faber,2023-04-17 The story of Roman Hellenism defined as the imitation or adoption of something Greek by those subject to or operating under Roman power begins not with Roman incursions into the Greek mainland but in Italy where our most plentiful and spectacular surviving evidence is concentrated Think of the architecture of the Roman capital the Campanian towns of Pompeii and Herculaneum buried by Vesuvius and the Hellenic culture of the Etruscans Perhaps everybody knows that Rome adapted Greek culture in a steadily more sophisticated way as

its prosperity and might increased This volume however argues that the assumption of smooth continuity let alone steady improvement in any aspect of Roman Hellenism can blind us to important aspects of what Roman Hellenism really is and how it functions in a given context As the first book to focus on the comparison of Roman Hellenisms per se Comparing Roman Hellenisms in Italy shows that such comparison is especially valuable in revealing how any singular instance of the phenomenon is situated and specific and has its own life trajectory circumstances and afterlife Roman Hellenism is always a work in progress is often strategic often falls prey to being forgotten decontextualized or reread in later periods and thus is in important senses contingent Further what we may broadly identify as a Roman Hellenism need not imply Rome as the only center of influence Roman Hellenism is often decentralized and depends strongly on local agents aesthetics and materials With this in mind the essays concentrate geographically on Italy to lend both focus and breadth to our topic as well as to emphasize the complex interrelation of Hellenism at Rome with Rome s surroundings Because Hellenism whether as practiced by Romans or Rome s subjects is in fact widely diffused across far flung geographical regions the final part of the collection gestures to this broader context
