A Chronicle of China's Notary History (1902-1979) Yu Cai, 2023-09-26

This book seeks to trace the notarial history of China from 1902 to 1979. While working on this trailblazing effort, the author taps into a rich variety of artifacts, especially the notarial documents, archived records, manuals, and journals from private collection or originally issued by China's judicial authorities during different periods. No similar book has been published so far. Many of these items are taken from old publications and notarial documents that the author purchased from grass root vendors. The book complements the text with illustrations, and the descriptions of the same articles are consistent throughout the narrative. Even more remarkable is that many rare notarial historical materials in Chinese and foreign languages are available for the first time. This book is a must-read for researchers and students in their understanding of China's judicial system or China's history. It gives a complete introduction to the development and evolution of China's notarial
