Problem Oriented Policing And Partnerships Crime Science Series:

Problem-oriented Policing and Partnerships Karen Bullock, Rosie Erol, Nick Tilley, 2013-05-13 This book makes an important contribution to the literature on problem oriented policing aiming to distill the British experience of problem oriented policing Drawing upon over 500 entries to the Tilley Award since its inception in 1999 the book examines what can be achieved by problem oriented policing what conditions are required for its successful implementation and what has been learned about resolving crime and disorder issues Examples of problem oriented policing examined in this book include specific police and partnership initiatives targeting a wide spectrum of individual problems such as road safety graffiti and alcohol related violence as well as organisational efforts to embed problem oriented work as a routine way of working such as improving training and interagency problem solving along with more specific challenges like improving the way that identity parades are conducted This book will be of particular interest to those working in the field of crime reduction and community safety in the police local government and other agencies as well as students taking courses in policing criminal justice and criminology

Crime, Science and Policing Gloria Laycock, 2023-11-17 This book offers an introduction to crime science it is specifically for police and security professionals Written by one of the founders of crime science and an expert in crime reduction it considers the unique characteristics of the approach its applicability to the control of crime disorder and terrorism and the importance of experimentation and the testing of new ideas to build a knowledge base for ethical policing Core content includes The basics of crime science in concept theory and practice Methods of research and assessment used by crime scientists Crime science and policing including its application to volume crimes serious crimes and investigation Legitimacy and public compliance Policing science and future crimes This book is essential reading for all students of professional policing as well as those interested in crime and its control reduction and prevention

Realist Evaluation for Crime Science Graham Farrell, Aiden Sidebottom, 2018-10-17 This collection of essays published to mark the 20th anniversary of Realistic Evaluation celebrates the work of Professor Nick Tilley and his significant influence on the fields of policing crime reduction and evaluation With contributions from colleagues co authors and former students many of whom are leading scholars in their own right the thirteen essays which make up this volume contain both personal reflections and analysis of the prominent topics in Professor Tilley's forty years of scholarship

Crime Reduction and Problem-oriented Policing Karen Bullock, Nick Tilley, 2012-12-06 Problem oriented policing has been one of the most significant new approaches to policing and crime reduction in the UK in recent years Drawing upon the main findings of the government's Crime Reduction Programme this book aims to provide an overview of the government's Targeted Policing Initiative as a whole and to indicate what was learned from efforts to address the specific problems targeted in the evaluated initiatives

Encyclopedia of Victimology and Crime Prevention Bonnie S. Fisher, Steven P. Lab, 2010-02-02 For a free 30 day online trial to this title visit www.sagepub.com/freetrial In many ways the two fields of victimology and crime prevention have developed along

parallel yet separate paths and the literature on both has been scattered across disciplines as varied as sociology law and criminology public health and medicine political science and public policy economics psychology and human services and others The Encyclopedia of Victimology and Crime Prevention brings together in one authoritative resource the dispersed information and knowledge on both victimology and crime prevention With nearly 375 entries this two volume set moves victimology and crime prevention one step further into recognized scholarly fields whose research informs practice and whose practice informs research Key Features Provides users with the most authoritative and comprehensive coverage available on victimology and crime prevention Presents victimology and crime prevention as their own separate justifiable disciplines rather than subfields within more established disciplines Discusses the status of victims within the criminal justice system as well as topics of deterring and preventing victimization in the first place and responding to victims needs Offers anchor essays written by leading scholars in their respective fields to provide starting points for investigating the more salient victimology and crime prevention topics Key Themes Business Prevention Actions Civil Justice System Correlates of Victimization Courts Alternative Remedies Courts Law and Justice Crime Prevention Crime Prevention Partnerships Criminal Justice System Fear of Crime Individual Protection Actions Interventions and Intervention Programs for Victim and Offender Intrafamilial Offenses Legislation and Statutes Media and Crime Prevention Methodology Offenses Special Topics Official Crime Data Personal Offenses Property Offenses Psychological Mental and Physical Health Issues Residential Community Crime Prevention School and Workplace Offenses School Based Crime Prevention Services and Treatment for Victims Theory Victimization Scales and Surveys Victimology Youth Focused Crime Prevention The victimology crime prevention nexus provides the foundation for a comprehensive and hopefully long lasting approach to addressing the public s risk of being victimized and aids individuals who are targeted by a criminal act This is a welcome addition to any academic library The availability in print and electronic formats provides students with convenient easy access wherever they may be

Applied Police Research Ella Cockbain,Johannes Knutsson,2014-09-15 Remarkably little has been written about the theory and practice of applied police research despite growing demand for evidence in crime prevention Designed to fill this gap this book offers a valuable new resource It contains a carefully curated selection of contributions from some of the world s leading applied police researchers Together the authors have almost 300 years of relevant experience across three continents The volume contains both practical everyday advice and calls for more fundamental change in how police research is created consumed and applied It covers diverse topics including the art of effective collaborations the interaction between policing academia and policy the interplay between theory and practice and managing ethical dilemmas This book will interest a broad and international audience from academics and students to police management officers and trainees to policymakers and research funders

Problem-oriented Policing and Partnerships Karen Bullock,Rosie Erol,Nick Tilley,2006 This book makes an important contribution to the literature on problem oriented policing aiming to distill the

British experience of problem oriented policing Drawing upon over 500 entries to the Tilley Award since its inception in 1999 the book examines what can be achieved by problem oriented policing what conditions are required for its successful implementation and what has been learned about resolving crime and disorder issues Examples of problem oriented policing examined in this book include specific police and partnership initiatives targeting a wide spectrum of individual problems such as road safety graffiti and alcohol related violence as well as organisational efforts to embed problem oriented work as a routine way of working such as improving training and interagency problem solving along with more specific challenges like improving the way that identity parades are conducted This book will be of particular interest to those working in the field of crime reduction and community safety in the police local government and other agencies as well as students taking courses in policing criminal justice and criminology

Critical Reflections on Evidence-Based Policing Nigel Fielding, Karen Bullock, Simon Holdaway, 2019-11-14 Evidence Based Practice EBP has over the last decade made an increasing mark in several fields notably health and medicine education and social welfare In recent years it has begun to make its mark in criminal justice As engagement with EBP has spread it has begun to evolve from what might be regarded as a somewhat narrow doctrine and orthodoxy to something more complex and various Often criminological research has been at odds with the assumptions conventions and methodologies associated with first generation EBP In that context EBP poses a challenge to the research community and existing evidence base and is accordingly hotly controversial This book is a welcome and timely contribution to current debates on evidence based practice in policing With a sharp conceptual focus the chapters provide a critical examination of the recent history of EBP in academic policy and practitioner communities evaluate key dimensions of its application to policing challenge established understandings and pave the way for a much needed change in how research evidence is perceived generated transferred implemented and evaluated

Excellence in Problem-oriented Policing, 2000 *Introduction to Police Work* Colin Rogers, Rhobert Lewis, 2013-09-05 Policing is in a profound period of change the result of recent government reform a renewed drive for professionalism as well as the need to adapt to a rapidly changing society This book provides a highly readable and up to date introduction to the work of the police exploring what this currently involved and the directions it may be going in It is designed for student police officers starting their probation and training students studying public or uniformed service courses in colleges students taking undergraduate courses in policing and criminal justice and anybody else who wants to know about policing today The book describes all the key elements of policing work The first two parts look at how the police functions as an organization with chapters devoted to important new areas of crime reduction partnerships and forensic support in investigation and enforcement The third section covers key aspects of practical police work with coverage of such challenging areas as anti social behaviour and terrorism The book contains a wide range of practical tasks and activities and links are made throughout to the new Initial Police Learning and Development Programme and National Occupational Standards in Policing
