Contested Valor Cameron D. McCoy, 2023-11-16 Contested Valor is a challenging examination of the use and status of black Marines in United States military service during the Cold War era These pioneering men experienced contested military integration as well as multiple forms of institutional and social opposition which called their humanity manhood and rights to full citizenship into question Efforts to undermine their service compromised their right to be counted among the elite and sidelined their story to the fringes of Marine Corps and U S history Cameron McCoy describes the factors and pressures leading to the racial turbulence that surfaced in the Marine Corps from the end of World War II through Vietnam and the measures taken by civilian and Marine officials to maintain and restore organizational integrity based on a foundation of white supremacy He examines the psychological effects of institutionalized racism on African American Marines during the Vietnam era and the emergence of a new generation of black men unwilling to submit to the traditions of a Jim Crow Marine Corps By exploring the realities American society constructed about black Marines this work calls attention to the diverse ways in which these men coped within a strict prejudiced organization and found greater purpose as U S Marines despite an embattled image Contested Valor weaves the experiences of black Americans in the armed forces into the larger tapestry of the American racist past and aptly captures the dilemmas triumphs and pitfalls that the first African American Marines encountered during the contentious eras of World War II Korea and Vietnam McCoy explores the creation of organizational policies designed to minimize their footprint as U S Marines until the social experiment of military integration faded and illustrates the discriminatory practices that further delegitimized their wartime reputation McCoy

demonstrates that black Marines absence from the historical record has been compounded by the negligence and oversight of past historians as the Marine Corps reckons with its racist past and its first black Marines
