Private Swimming Lessons Melbourne:

The Water Babes Norman Whitney, 2016-06-29 *The Water Babes* is the book for anyone who ever joined or ever thought of joining a group perhaps for exercising reading quizzing or playing cards This novel is about *The Water Babes* a group who get together each week for a lesson in aquarobics a series of light exercises in water The novel brings together people of different cultural religious racial and class backgrounds The story unfolds over the last day of the class In the morning we see the group's final lesson In the afternoon we see some of them split up and take tea in different parts of town In the evening we see their farewell party for their instructor who is about to return home to Australia Throughout the day we are witness to laughter and tears and to various incidents and accidents some amusing others less so At the evening party more than food and drink are shared We hear confessional surprises and endure outright shocks All this from just one group of very different people But are people so very different from each other The evidence from this slice of life of contemporary Britain is that each of us is not so different or unique as we may think We learn that apparently different individuals may be connected to other members of their group in more ways than might at first appear This novel demonstrates the old adage that no man or woman is an island On the contrary the story shows that we are all in this together *The Water Babes* is a story to make you think

The Privileged Few Clive Hamilton, Myra Hamilton, 2024-05-09 Male and white privilege are on the decline yet elite privilege has gone from strength to strength The privileges enjoyed by the rich and powerful are not only unfair but cause widespread harm from the everyday slights and humiliations visited on those lower down the scale to the distortions in the labour market when elites use their networks to secure plum jobs not least in new domains such as professional sports In this book Clive Hamilton and Myra Hamilton show that elite privilege is not a mere by product of wealth but an organising principle for society as a whole They explore the practices and processes that sustain legitimise and reproduce elite privilege

and show how we are all implicated in the system both facilitating it and tolerating its harmful effects Building on their original fieldwork and a wide range of other sources the authors paint a vivid picture of the micropolitics of elite privilege highlighting in particular the vital role played by exclusive private schools Ranging across topics as diverse as glamour suburbs philanthropy Rhodes scholarships and super yachts *The Privileged Few* delves beneath attempts at concealment to expose how the elites keep getting away with it *Making Sense of School Choice* Joel A.
