Problems Of Dostoevskys Poetics Theory And History Of Literature:

Problems of Dostoevsky's Poetics Mikhail Bakhtin, 2013-11-30 This book is not only a major twentieth century contribution to Dostoevsky's studies but also one of the most important theories of the novel produced in our century As a modern reinterpretation of poetics it bears comparison with Aristotle **Problems of Dostoevsky's Poetics** Mikhail Mikhaïlovich Bakhtin, 1999 **Mikhail Bakhtin's Heritage in Literature, Arts, and Psychology** Slav N. Gratchev, Howard Mancing, 2020-07-07 Art and Answerability the work that would become Mikhail Bakhtin's literary manifesto was first published in Den Iskusstva The Day of the Art on September 13 1919 Mikhail Bakhtin's Heritage in Literature Arts and Psychology Art and Answerability celebrates one hundred years of Bakhtin's heritage This unique book examines the heritage of Mikhail Bakhtin in a variety of disciplines To articulate the enduring relevance and heritage of the varied works of Bakhtin sixteen scholars from eight countries have come together and each has brought his/her unique perspective to the subject Bakhtin's work in aesthetics moral philosophy linguistics psychology carnival cognition contextualism and the history and theory of the novel are present here as understood by a wide variety of distinguished scholars **Theory and the Novel** Jeffrey Williams, 1998-12-03 Narrative features such as frames digressions or authorial intrusions have traditionally been viewed as distractions from or anomalies in the narrative proper In Theory and the Novel Jeffrey Williams exposes these elements as more than simple disruptions analysing them as registers of narrative reflexivity that is moments that represent and advertise the functioning of narrative itself Williams argues that narrative encodes and advertises its own functioning and modal form He takes a range of novels from the English canon Tristram Shandy Joseph Andrews The Turn of the Screw Wuthering Heights Lord Jim and Heart of Darkness are amongst the novels examined and shows how narrative technique is never beyond or outside plot He poses a series of theoretical questions such as about reflexivity imitation and fictionality to offer a striking and original contribution to readings of the English novel as well as to discussions of theory in general **Dostoevsky and the Catholic Underground** Elizabeth A. Blake, 2014-04-30 While Dostoevsky's relation to religion is well trod ground there exists no comprehensive study of Dostoevsky and Catholicism Elizabeth Blake's ambitious and learned Dostoevsky and the Catholic Underground fills this glaring omission in the scholarship Previous commentators have traced a wide ranging hostility in Dostoevsky's understanding of Catholicism to his Slavophilism Blake depicts a far more nuanced picture Her close reading demonstrates that he is repelled and fascinated by Catholicism in all its medieval Reformation and modern manifestations Dostoevsky saw in Catholicism not just an inspirational source for the Grand Inquisitor but a political force an ideological wellspring a unique mode of intellectual inquiry and a source of cultural production Blake's insightful textual analysis is accompanied by an equally penetrating analysis of nineteenth century European revolutionary history from Paris to Siberia that undoubtedly influenced the evolution of Dostoevsky's thought *The Fictions of Language and the Languages of Fiction* Monika Fludernik, 2003-12-16 Monika

Fludernik presents a detailed analysis of free indirect discourse as it relates to narrative theory and the crucial problematic of how speech and thought are represented in fiction Building on the insights of Ann Banfield's *Unspeakable Sentences* Fludernik radically extends Banfield's model to accommodate evidence from conversational narrative non-fictional prose and literary works from Chaucer to the present Fludernik's model subsumes earlier insights into the forms and functions of quotation and aligns them with discourse strategies observable in the oral language Drawing on a vast range of literature she provides an invaluable resource for researchers in the field and introduces English readers to extensive work on the subject in German as well as comparing the free indirect discourse features of German French and English This study effectively repositions the whole area between literature and linguistics opening up a new set of questions in narrative theory

The Handbook of the Study of Play James E. Johnson, Scott G. Eberle, Thomas S. Henricks, David Kushner, 2015-02-05 The Handbook of the Study of Play brings together in two volumes thinkers whose diverse interests at the leading edge of scholarship and practice define the current field Because play is an activity that humans have shared across time place and culture and in their personal developmental timelines and because this behavior stretches deep into the evolutionary past no single discipline can lay claim to exclusive rights to study the subject Thus this handbook features the thinking of evolutionary psychologists ethologists and biologists neuroscientists developmental psychologists psychotherapists and play therapists historians sociologists and anthropologists cultural psychologists philosophers theorists of music performance and dance specialists in learning and language acquisition and playground designers Together but out of their varied understandings the incisive contributions to The Handbook take on vital questions of educational policy of literacy of fitness of the role of play in brain development of spontaneity and pleasure of well being and happiness of fairness and of the fuller realization of the self These volumes also comprise an intellectual history retrospective looks at the great thinkers who have made possible the modern study of play

[The Subversion of the Apocalypses in the Book of Jubilees](#) Todd R. Hanneken, 2012-06-03 In spite of some scholars inclination to include the book of Jubilees as another witness to Enochic Judaism the relationship of Jubilees to the apocalyptic writings and events surrounding the Maccabean revolt has never been adequately clarified This book builds on scholarship on genre to establish a clear pattern among the ways Jubilees resembles and differs from other apocalypses Jubilees matches the apocalypses of its day in overall structure and literary morphology Jubilees also uses the literary genre to raise the issues typical of the apocalypses including revelation angels and demons judgment and eschatology but rejects what the apocalypses typically say about those issues subverting reader expectations with a corrected view In addition to the main argument concerning Jubilees this volume's survey of what is fundamentally apocalyptic about apocalyptic literature advances the understanding of early Jewish apocalyptic literature and in turn of later apocalypses and comparable perspectives including those of Paul and the Qumran sectarians

The Politics of Carnival Chris Humphrey, 2001 Medieval festivals such as carnival and misrule were occasions which created a temporary and

dynamic upside down world This text shows these occasions were highly diverse and discusses how they were able to negotiate a range of meanings and values Stories and Portraits of the Self ,2007-01-01 In contemporary societies privatization has long ceased to be just an economic concept rather it must increasingly be made to refer to the ongoing shrinking of the public space under the impact of the representation of individual lives and images which cuts across all discourses genres and media to become one of the primary means of production of culture This volume is intended to cover such an historical social and intellectual ground where self representation comes to the fore Targeting mostly an academic readership but certainly also of interest to the general educated public it collects a wide range of essays dealing with diverse modes of life writing and portraying from a variety of perspectives and focusing on different historical periods and media It thus offers itself as a major contribution to a better understanding of the world we live in its past legacy and present configuration
