Private Consciences And Public Reasons:

Private Consciences and Public Reasons Kent Greenawalt, 1995 This book addresses problems such as what bases should officials and citizens employ in reaching political decisions and justifying their positions Should they feel free to rely on whatever grounds seem otherwise persuasive to them like religious convictions or should they restrict themselves to public reasons

Reasons of Conscience Stefan Sperling, 2013-04-12 In this volume Stefan Sperling considers the bioethical debates surrounding embryonic stem cell research in Germany at the turn of the 21st century highlighting how the country's ongoing struggle to come to terms with its past informs the decisions it makes today

Natural Moral Law in Contemporary Society Holger Zaborowski, 2010-08 Natural law is a controversial subject but one of great significance in the ongoing and increasingly important discussion about the foundations of moral reasoning The essays of this volume examine natural moral law different natural law theories and the role that natural law can and should play in our contemporary society While some essays explore systematically the metaphysical and moral foundations of natural law others focus on questions related to the application of natural law in the political medical or legal realm or discuss historical questions that are closely related to the crisis and defense of natural law All contributors agree that natural law is a concept that cannot and must not be dismissed and that is in need of a careful retrieval While there are clearly differences in emphasis among the contributors most of them also agree that the defense of natural law the critique of the modern dismissal of natural law and of a modern non teleological understanding of nature and the proper use of philosophical reasoning are all closely related The book continues the ongoing Studies in Philosophy and the History of Philosophy series

ABOUT THE EDITOR Holger Zaborowski is assistant professor of philosophy at the Catholic University of America He is the author of Robert Spaemann's Philosophy of the Human Person Nature Freedom and the Critique of Modernity and Eine Frage von Irre und Schuld Martin Heidegger und der Nationalsozialismus CONTRIBUTORS Joseph Cardinal Ratzinger Benedict XVI J Budziszewski Jean De Groot Jorge L A Garcia Luke Gormally Mary M Keys V Bradley Lewis Nelson Lund David S Oderberg John Rist Francis Slade and Robert Sokolowski

Reason, Value, and Respect Mark Timmons, Robert Neal Johnson, 2015 In 13 specially written essays leading philosophers explore Kantian themes in moral and political philosophy that are prominent in the work of Thomas E Hill Jr such as respect and self respect practical reason conscience and duty In conclusion Hill offers an overview of his work and responses to the preceding essays

Conscience and Community Andrew R. Murphy, 2009-03-02 Religious toleration appears near the top of any short list of core liberal democratic values Theorists from John Locke to John Rawls emphasize important interconnections between the principles of toleration constitutional government and the rule of law Conscience and Community revisits the historical emergence of religious liberty in the Anglo American tradition looking deeper than the traditional emergence of toleration to

find not a series of self evident or logically connected expansions but instead a far more complex evolution Murphy argues that contemporary liberal theorists have misunderstood and misconstrued the actual historical development of toleration in theory and practice Murphy approaches the concept through three myths about religious toleration that it was opposed only by ignorant narrow minded persecutors that it was achieved by skeptical Enlightenment rationalists and that tolerationist arguments generalize easily from religion to issues such as gender race ethnicity and sexuality providing a basis for identity politics *Binding Words* Karen S. Feldman,2006-07-21 Conscience as Binding Words convincingly argues can only ever be understood interpreted and made effective through tropes and figures of language

Religious Commitment and Secular Reason Robert Audi,2000-03-13 Many religious people are alarmed about features of the current age violence in the media a pervasive hedonism a marginalization of religion and widespread abortion These concerns influence politics but just as there should be a separation between church and state so should there be a balance between religious commitments and secular arguments calling for social reforms Robert Audi offers a principle of secular rationale which does not exclude religious grounds for action but which rules out restricting freedom except on grounds that any rational citizen would accept The book describes the essential commitments of free democracy explains how religious and secular moral considerations can be integrated to facilitate co operation in a world of religious pluralism and proposes ideals of civic virtue that express the mutual respect on which democracy depends Audi offers a balanced and sophisticated treatment of the relations between religion and politics in a modern secular society

Judicial Review in an Age of Moral Pluralism Ronald C. Den Otter,2009-08-31 This book considers how judicial review can be improved to strike the appropriate balance between legislative and judicial power Finite and Infinite Goods Robert Merrihew Adams,1999-07-29 Renowned scholar Robert Adams explores the relation between religion and ethics through a comprehensive philosophical account of a theistically based framework for ethics Adams framework begins with the good rather than the right and with excellence rather than usefulness He argues that loving the excellent of which adoring God is a clear example is the most fundamental aspect of a life well lived Developing his original and detailed theory Adams contends that devotion the sacred grace martyrdom worship vocation faith and other concepts drawn from religious ethics have been sorely overlooked in moral philosophy and can enrich the texture of ethical thought
