The President's Work Elaine Landau, 2003-07-01 Everyone knows that the president of the United States is the leader of the country and has a very powerful job But what does the president really do day in and day out Sit behind a desk and sign laws Travel to faraway lands to promote peace You ll need to read this book to find out Inside you ll discover what the president s job is like how the president does this job and how it affects every American s life including yours Book jacket

A dictionary of the principal languages spoken in the Bengal Presidency, English, Báṅgálí and Hindústání P. S. D'Rozario, 1837 Accidental Presidents Jared Cohen, 2020-01-28 This New York Times bestselling deep dive into the terms of eight former presidents is chock full of political hijinks and d j vu Vanity Fair and provides a fascinating look at the men who came to the office without being elected to it showing how each affected the nation and world The strength and prestige of the American presidency has waxed and waned since George Washington Eight men have succeeded to the presidency when the incumbent died in office In one way or another they vastly changed our history Only Theodore Roosevelt would have been elected in his own right Only TR Truman Coolidge and LBJ were re elected John Tyler succeeded William Henry Harrison who died 30 days into his term He was kicked out of his party and became the first president threatened with impeachment Millard Fillmore succeeded esteemed General Zachary Taylor He immediately sacked the entire cabinet and delayed an inevitable Civil War by standing with Henry Clay s compromise of 1850 Andrew Johnson who succeeded our greatest president sided with remnants of the Confederacy in Reconstruction Chester Arthur the embodiment of the spoils system was so reviled as James Garfield s successor that he had to defend himself against plotting Garfield s assassination but he reformed the civil service Theodore Roosevelt broke up the trusts Calvin Coolidge silently cooled down the Harding scandals and preserved the White House for the Republican Herbert Hoover and the Great Depression Harry Truman surprised everybody when he succeeded the great FDR and proved an able and accomplished president Lyndon B Johnson was named to deliver Texas electorally He led the nation forward on Civil Rights but failed on Vietnam Accidental Presidents shows that history unfolds in death as well as in life The Wall Street Journal and adds immeasurably to our understanding of the power and limits of the American presidency in critical times **Speechwriting in the Institutionalized Presidency** Kenneth Collier, 2018-04-18 This book traces the evolution of the speechwriting process for presidents in the White House from the administration of Franklin Roosevelt to the present While institutionalization of the speechwriting process has often been blamed for bland presidential rhetoric this book draws out the many varied consequences of institutionalization on the speechwriting process Ultimately it concludes that the institutionalization of the process has actually served the presidency well by helping presidents avoid the adverse effects of poorly chosen words **A Dictionary of the Principal Languages Spoken in the Bengal Presidency** P. S. D'Rozario, 1837 **Numismatist and Year Book** , 1979 Vols 24 52 include the proceedings of the A N A convention 1911 39 Presidential Sex Wesley O. Hagood, 1998 With profiles on Bill Clinton

Thomas Jefferson FDR JFK Lyndon Johnson and Eisenhower this book describes the impact that freewheeling sexual behavior has had upon first families election campaigns political careers and the nation itself Lincoln for President Timothy S. Good, 2009-04-22 This is a narrative of Abraham Lincoln's bid for the White House from 1858 through 1860 Lincoln seemed like a long shot from the beginning a one term congressman he'd never served as a judge or governor or in any statewide office and he had lost two campaigns for the U S Senate How then did he overtake several seemingly better qualified candidates to ultimately defeat William Seward for his young party's nomination This work offers a day by day account that demonstrates how Lincoln's character and his upholding of the Declaration of Independence's bold statement of human equality helped him triumph Those traits it is argued were far more important than any political machinations or backroom deals at the convention This book is a sequel to The Lincoln Douglas Debates and the Making of a President by the same author McFarland 2007

President Reagan Richard Reeves, 2005-12-23 Twenty five years after Ronald Reagan became president Richard Reeves has written a surprising and revealing portrait of one of the most important leaders of the twentieth century As he did in his bestselling books President Kennedy Profile of Power and President Nixon Alone in the White House Reeves has used newly declassified documents and hundreds of interviews to show a president at work day by day sometimes minute by minute President Reagan The Triumph of Imagination is the story of an accomplished politician a bold even reckless leader a gambler a man who imagined an American past and an American future and made them real He is a man of ideas who changed the world for better or worse a man who understands that words are often more important than deeds Reeves shows a man who understands how to be President who knows that the job is not to manage the government but to lead the nation In many ways a quarter of a century later he is still leading As his vice president George H W Bush said after Reagan was shot and hospitalized in 1981 We will act as if he were here He is a heroic figure if not always a hero He did not destroy communism as his champions claim but he knew it would self destruct and hastened the collapse No small thing He believed the Soviet Union was evil and he had contempt for the established American policies of containment and détente Asked about his own Cold War strategy he answered We win They lose Like one of his heroes Franklin D Roosevelt he has become larger than life As Roosevelt became an icon central to American liberalism Reagan became the nucleus holding together American conservatism He is the only president whose name became a political creed a noun not an adjective Reaganism Reagan's ideas were so old they seemed new He preached an individualism inspiring and cruel that isolated and shamed the halt and the lame He dumbed down America brilliantly blending fact and fiction transforming political debate into emotion driven entertainment He recklessly mortgaged America with uncontrolled military spending less taxation and more debt In focusing on the key moments of the Reagan presidency Reeves recounts the amazing resiliency of Ronald Reagan the real comeback kid Here is a seventy year old man coming back from a near fatal gunshot wound from cancer from the worst recession in American history Then in personal despair as his administration was

shredded by the lying and secrets of hidden wars and double dealing he was able to forge one of history's amazing relationships with the leader of the Evil Empire That story is told for the first time using the transcripts of the Reagan Gorbachev meetings the climax of an epic story as if he were here *The Numismatist* ,1979 Vols 24-52 include the proceedings of the A N A convention 1911-39
