Feminism in the U.S. Sarah Wenzel, 2019-06-18 Seminar paper from the year 2014 in the subject Cultural Studies Miscellaneous grade 1.0 University of Würzburg Philosophische Fakultät I course Feminism in the U.S. History Ideas and Politics language English abstract Bewitched by the magical atmosphere these films create millions of girls are dreaming of becoming a Disney princess one day Seeing girls and boys re-enact these fairy tales and in that way slip into the role of a princess the thought struck me in the context of my seminar about Feminism in what way these movies influence children Which concepts of womanhood do they foster and are these fairy tales really as timeless as the grandparents think they are Taking a closer look at the most successful and best known of all Disney princess movies there are basically three waves defined by their date of release The first feature length animated film Disney created was a story based on the Brother Grimm fairy tale Schneewittchen The Disney movie Snow White and the Seven Dwarfs was premiered in 1937 and was an instant success followed by Cinderella in 1950 and Sleeping Beauty in 1959 The next wave of princess movies were produced between 1989 starting with Little Mermaid followed by Beauty and the Beast 1991 Aladdin 1992 Pocahontas 1995 and ending in 1998 with Mulan so basically during the 1990s The latest wave of Disney princess films is from 2009 on with The Princess and the Frog then Tangled 2010 Brave 2012 and the last one was Frozen 2013 This is an enormous timeframe The 1930s 40s and 50s provided a completely different audience than the 1990s or the current decade as society and especially gender roles changed a lot over time

Consequently one can also expect differences in the way the Walt Disney Company chose to depict its characters over the years This research paper will show that female gender roles in Disney princess movies respond to the change of society by portraying their Disney heroine much more assertive and less passive over time To support this thesis one movie from each of the three waves which were introduced above will be analyzed exemplary for the period The Disney Princess Phenomenon Robyn Muir,2023-06-27 The Disney Princesses are a billion dollar industry known and loved by children across the globe Robyn Muir provides an exploratory and holistic examination of this worldwide commercial and cultural phenomenon in its key representations films merchandising and marketing and park experiences Muir highlights the messages and images of femininity found within the Disney Princess canon and provides a rigorous and innovative methodology for analysing gender in media Including an in depth examination of each princess film from the last 83 years the book provides a lens through which to view and understand how Disney Princesses have contributed to the depiction of femininity within popular culture Programming and Planning in Early Childhood Settings Leonie Arthur,Bronwyn Beecher,Elizabeth Death,Susan Dockett,Sue Farmer,2017-08-07 Programming Planning in Early Childhood Settings explores a range of approaches to curriculum and to documenting children s learning in early childhood settings This valuable resource for early childhood education students and practitioners provides a broad view of the concepts and issues in early childhood curriculum Chapters reflect ongoing discussions about what is meant by the terms planning and programming in the context of early childhood what is authentic curriculum for young children and effective teaching strategies to extend young children s learning The strong focus on sociocultural theories of learning promotes awareness of children s diverse experiences competencies and learning styles and helps readers recognise the need for collaborative partnerships between educators children and families in order to develop appropriate programs Thoroughly revised and updated this new edition shows how chapters of the text are relevant to the Australian Professional Standards for teachers and highlights connections to the school based context Numerous real life examples reflections articles and case studies assist students to understand a variety of educational theories philosophies and frameworks Throughout the book there is a focus on the processes of reflection evaluation and ongoing improvement **Love in New York: Book 1 (Lost and Found)** Elle Casey,2014-12-25 NEW YORK TIMES and USA TODAY BESTSELLING AUTHOR ELLE CASEY brings readers book 1 of 3 in the contemporary romance LOVE IN NEW YORK Series With over 300 5 star ratings on Goodreads for Book 1 readers love the Love in New York Series Sometimes engagement rings can get lost and then found Sometimes people can too All it takes is a heavy duty dose of karma and the magic of Manhattan to make it all come together Leah is a financially destitute new age hippy James is a wealthy surgeon with a trust fund She s awkward he s poised She s completely crazy he s way too sane People might say they have nothing in common but they d be wrong They both live in Manhattan they both have no idea how to change a baby diaper and they re both lost until they find one another LOVE IN NEW YORK SERIES READING ORDER Love in New York
