HOWELL MAJOR SAVIN-BADEN (CLAIRE.), 2012

Qualitative Research Maggi Savin-Baden, Claire Howell Major, 2013 This book provides a one stop resource for all those approaching qualitative research and those revisiting core concepts and issues It presents a comprehensive overview of this rapidly developing field of inquiry cleverly combined with practical hands on advice on how to conduct a successful qualitative study The authors break through difficult terminology to guide readers through the choices they will face during research design implementation and beyond Each chapter is then brought to life by an array of relevant real life examples from expert researchers around the globe A dedicated companion website offers a whole host of additional teaching and learning resources including additional chapters on publishing qualitative research sample lesson plans and activities further case studies and much more From the foundations of the subject through to its application in practice this book is an indispensable companion for qualitative researchers worldwide **PERSONAL COPY: Qualitative Research: The Essential Guide to Theory and Practice** Maggi and Howell Major Savin-Baden (Claire), 2013

Designing Qualitative Research Catherine Marshall, Gretchen B. Rossman, 2014-12-16 Addressing the complexity flexibility and controversies of qualitative research s many genres *Designing Qualitative Research* Sixth Edition gives students research managers policy analysts and applied researchers clear easy to understand guidance on designing qualitative research While maintaining a focus on the proposal stage this best selling book takes readers from selecting a research genre through building a conceptual framework data collection and interpretation and arguing the merits of the

proposal Extended discussions cover strategies that researchers can use to address the challenges posed by postmodernists feminists and critical race theorists as well as others who interrogate historical qualitative inquiry The book also includes thoughtful discussion on trustworthiness and ethics in addition to dealing with time resource and political stressors inherent to the research process Throughout the book authors Catherine Marshall and Gretchen B Rossman emphasize the importance of being systematic but also inspire readers with potential Aha moments and opportunities to do research in close connection with people and communities

101 Golden Nuggets for Preparing a Qualitative Dissertation Linda Dale Bloomberg,2025-04-01 The 101 nuggets of understanding that comprise this book shed light on the required content of a qualitative dissertation They help readers navigate through the iterative recursive and often messy dissertation process from its inception to a successful completion right from the planning stage through data collection and analysis all the way to writing up presenting and publishing Each nugget is posed in the form of a question as if in conversation with the reader and will hopefully stimulate critical thinking reflection and dialogue This book is the place to turn to for quick though not simplified answers to key questions based on the latest developments in the field of qualitative research It will motivate doctoral students or prospective doctoral students to seek and consult additional relevant texts and resources in order to delve deeper into the many issues involved in preparing for a qualitative dissertation

Qualitative Research Methodologies for Occupational Science and Occupational Therapy Shoba Nayar,Mandy Stanley,2023-11-09 This comprehensive text provides a practical introduction to the range of qualitative methodologies and methods being used by occupational science and occupational therapy researchers today enabling readers to produce and critique high quality qualitative research themselves Showcasing a diverse range of qualitative research from both academic scholarship and the wider community of health professionals each chapter combines both foundational knowledge and therapeutic applications Importantly the book lucidly explains the synergy between research problem choice of methodology and methods It also fosters a best practice approach ensuring that qualitative research is epistemologically sound while reflecting the values and beliefs of the diverse communities within which research is conducted This new edition featuring an international range of authors also addresses new and cutting edge research methodologies including Indigenous methodologies netnography the visual arts and Big data It is the ideal textbook for any student practitioner or researcher of occupational science and occupational therapy
