Queer Mobilizations Queer Mobilizations:

Queer Mobilizations Manon Tremblay, 2015-05-15 Ever since certain homosexual acts were decriminalized in 1969 queer activists have fought for and won a series of public policy battles in governments across Canada As Queer Mobilizations shows anti discrimination legislation the extension of benefits to same sex couples the right to marry adoption rights and the protection of gay straight alliances in schools did not result from a single act nor from the work of a single organization but rather from the concerted efforts of many people in many places over many years This volume examines the relationships between LGBTQ activists and local provincial and federal governments The contributors explore how various governments have tried to regulate and repress LGBTQ movements and how in turn queer activists have successfully shaped public policy across the political spectrum from city halls to the House of Commons **Queer Mobilizations** Scott Barclay, Mary Bernstein, Anna-Maria Marshall, 2009-09 This innovative collection of essays delves into the complex relationships between social movements and legal institutions The essays creatively address the contradictory goals in the battles for social change by LGBT movements and the normalization that can often result from legal decisions Peter M Nardi Cover page 4 **Queer Mobilizations** Manon Tremblay, 2015 Ever since certain homosexual acts were decriminalized in 1969 queer activists have fought for and won a series of public policy battles in governments across Canada As Queer Mobilizations shows anti discrimination legislation the extension of benefits to same sex couples the right to marry adoption rights and the protection of gay straight alliances in schools did not result from a single act nor from the work of a single organization but rather from the concerted efforts of many people in many places over many years **Queer Mobilizations** Mary Bernstein, Anna-Maria Marshall, 2009-09-01 Fighting for marriage and family rights protection from discrimination in employment education and housing criminal law reform economic justice and health care reform the LGBT movement is engaged in some of the most important cultural and political battles of our times Seeking to reshape many of our basic social institutions the LGBT movement's legal political and cultural campaigns reflect the complex visions strategies and rhetoric of the individuals and groups knocking at the law's door The original essays in this volume bring social movement scholarship and legal analysis together enriching our understanding of social movements LGBT politics and organizing legal studies and public policy Moreover they highlight the struggle to make the law relevant and responsive to the LGBT community Ultimately Queer Mobilizations examines how the LGBT movement's engagement with the law shapes the very meanings of sexuality sex gender privacy discrimination and family in law and society Contributors Ellen Ann Andersen Steven A Boutcher Bayliss Camp Casey Charles Ashley Currier Courtenay W Daum Shauna Fisher David John Frank Jonathan Goldberg Hiller Charles W Gossett Marybeth Herald Nicholas Pedriana Darren Rosenblum Susan M Sterett and Amy L Stone *Legal Mobilization for Human Rights* Gráinne De Búrca, 2022 This book is based on the specialized courses during the 2019 AEL summer course on Human Rights Law **Gay Priori** Libby Adler, 2018-03-29 Libby Adler offers a comprehensive critique of the mainstream

LGBT legal agenda in the United States showing how LGBT equal rights discourse drives legal advocates toward a narrow array of reform objectives that do little to help the lives of the most marginalized members of the LGBT community

Teaching LGBTQ Politics Edward F. Kammerer, Jr., Royal G. Cravens, III, Erin Mayo-Adam, 2025-08-01 An innovative collection of advice resources and ideas for faculty teaching LGBTQ politics Limited resources exist to support faculty teaching LGBTQ politics The first of its kind this edited volume brings together scholars from across the discipline of political science to offer guidance on how to better teach LGBTQ issues Rooted in and focused on the US context the book is divided into three sections The first addresses developing and teaching LGBTQ politics courses at both the undergraduate and graduate levels The second offers suggestions for incorporating LGBTQ topics into other political science courses And the last homes in on various pedagogical concerns that can arise when teaching LGBTQ politics Contributors provide a host of resources including lesson plan templates reading assignments and strategies and takeaways from their own experiences teaching in the field

Transnational LGBT Activism Ryan R. Thoreson, 2014-11-01 The International Gay and Lesbian Human Rights Commission IGLHRC was founded in 1990 as the first NGO devoted to advancing LGBT human rights worldwide How this book asks is that mission translated into practice What do transnational LGBT human rights advocates do on a day to day basis and for whom Understanding LGBT human rights claims is impossible Ryan R Thoreson contends without knowing the answers to these questions In *Transnational LGBT Activism* Thoreson argues that the idea of LGBT human rights is not predetermined but instead is defined by international activists who establish what and who qualifies for protection He shows how IGLHRC formed and evolved who is engaged in this work how they conceptualize LGBT human rights and how they have institutionalized their views at the United Nations and elsewhere After a full year of in depth research in New York City and Cape Town South Africa Thoreson is able to reconstruct IGLHRC s early campaigns and highlight decisive shifts in the organization s work from its founding to the present day Using a number of high profile campaigns for illustration he offers insight into why activists have framed particular demands in specific ways and how intergovernmental advocacy shapes the claims that activists ultimately make The result is a uniquely balanced empirical response to previous impressionistic and reductive critiques of Western human rights activists and a clarifying perspective on the nature and practice of global human rights advocacy

Special Issue: Social Movements/Legal Possibilities Austin Sarat, 2011-02-22 Social movements provide the engine of legal change and law itself spurs social movement activity This issue includes articles on social movements in several different nations including France South Africa and Canada asking us to consider the way context is reflected in movement activities

Sexuality, Subjectivity, and LGBTQ Militancy in the United States Guillaume Marche, 2019-05-23 As LGBTQ movements in Western Europe and North America are becoming increasingly successful at awarding LGBTQ people rights especially institutional recognition for same sex couples and their families what becomes of the deeper social transformation that these movements initially aimed to achieve The United States

is in many ways a paradigmatic model for LGBTQ movements in other countries This book focuses on the transformations of the United States LGBTQ movement since the 1980s highlighting the relationship between its institutionalization and the disappearance of sexuality from its most visible claims so that its growing visibility and legitimation since the 1990s have not led to an increase in militancy The book examines the issue from the bottom up identifying the links between the varying importance of sexuality as a movement theme and actors mobilization and enhances the import of subjectivity in militancy It draws attention to cultural sometimes infrapolitical forms of militancy that perpetuate the role of sexuality in LGBTQ militancy
