Randall E. Adkins, David A. Dulio

Presidential Swing States Why Only Ten Matter:

Presidential Swing States David A Schultz,Rafael Jacob,2018-06-20 In this new and updated volume the contributors examine the phenomena of presidential swing states in the 2016 presidential election They explore the reasons why some states and now counties are the focus of candidate attention are capable of voting for either of the major candidates and are decisive in determining who wins the presidency *Presidential Swing States* Rafael Jacob,David Schultz,2022-07-07 The 2020 US presidential race was one of the most hotly contested and contentious in recent American history While the election produced the greatest turnout in American history and the highest percentage turnout in 60 years the election still came down to a handful of swing states that ultimately decided the election In their third edition of *Presidential Swing States* Rafael Jacob and David Schultz examine the 2020 presidential election keying in on the few critical states that actually decided the election and why With cases studies written by prominent political scientists who are experts on these swing states *Presidential Swing States* also explains why some states were swing states but no longer are why some continue to be swing states and what states beyond 2020 may be the future swing states that decide the presidency The book contains in depth case studies of the swing states and swing counties that decide presidential elections in the United States Students in classes on American Politics and Government Parties Campaigns and Elections State Politics and the Presidency will all be well served by the analyses in this volume as will journalists reporting on presidential elections and the general public

The Isolated Presidency Jordan T. Cash,2023-10-03 How powerful is the President of the United States In *The Isolated Presidency* Jordan T Cash re frames this question to instead ask what authority is available to all presidents Drawing on the Constitution itself Cash argues that the presidency possesses an internal logic derived from its structure duties and powers which not only grants the president a unique institutional perspective but also provides the president with considerable agency and discretion in pursuing his agenda Through three case studies of isolated presidents presidents who were unelected faced divided government and were opposed by major factions of their own political parties Cash provides lessons and examples of what constitutionally derived actions a president can take when confronted with the recurring issues of divided government and political gridlock Generational Politics in the United States Sally Friedman,David Schultz,2024-06-18 The role of generations is an important yet often overlooked variable in the study of American politics A topic of research in sociology business and marketing the focus on generations frequently occurs in American pop culture and journalism The general public often assumes that different generations have different political leanings and beliefs that the Silent Generation is all Republican white and conservative or that Millennials are liberal and diverse but are these assumptions true *Generational Politics in the United States* is the first comprehensive book that examines the concept of generations from a political science perspective It defines what a generation is and how to sort out the differences between life cycle cohort and aging effect The book then brings together chapters from an array of political science scholars that

examine the role of generations in American politics and how it relates to other variables such as age race gender and socioeconomic status It discusses how politics in the United States are impacted by changes in generations including how the passing of the Baby Boom generation and rise of the Millennials and Gen Z will change American politics By examining the differences in political attitudes engagement and impact of recent generations *Generational Politics in the United States* suggests how generational change will impact American politics in the future *The 2020 Presidential Election* Luke Perry,2022-01-05 This book adopts a regional approach to understanding 2020 presidential election outcomes taking into account the tribalism that has come to define contemporary US politics and building a path to 270 Electoral College votes The authors employ qualitative and quantitative methods to examine electoral outcomes in the Midwest Southwest Southeast and Northeast enriching contextual understandings of the national results and illuminating nuances in public opinion voter behavior and party politics From this foundation the book offers a comprehensive assessment of prominent issues in the 2020 campaign which fundamentally shaped and reshaped the nature of the election Scholars examine seven key issues including multiple crises that unfolded during the campaign to understand how these issues affected public opinion and the 2020 campaign *Anatomy of a Purple State* Christopher A. Cooper,2024-10-09 North Carolina represents a perfect distillation of the promise and peril of modern American democracy hyperpartisanship gerrymandering dissatisfaction with the two party system the urban rural divide these issues are all brought into sharp relief in the Tar Heel State For that reason North Carolina politics and government are increasingly of interest not just to North Carolina citizens but to journalists political observers and people across the country Political scientist Christopher A Cooper to whom the national media go when they need a quote about North Carolina politics offers a primer made for all people no matter their political leanings Readers will be introduced to everything that has made North Carolina the most purple of purple states from the state constitution and the influence of think tanks to the growing racial diversity of the state and the limitations on the governor's power By explaining how we came to be in the political situation we are in Cooper shows us where we might go next And as many have said As North Carolina goes so goes the nation *The Devolution Gambit* Tim Niendorf,2021-05-19 This book examines the increasing territorialisation of party competition and the relaxation of unitarian rule through devolution presenting a long term analysis of electoral developments in the United Kingdom since the end of the Second World War Subsequently the book looks into the undermining of the traditional majoritarian mode of British government as a result It analyzes the significant role of these long term developments and their detrimental effect on the parliament's ability to resolve issues like the Scottish Independence Referendum or the UK's vote to leave the European Union and it addresses their underlying causes The author additionally reconnects these electoral developments to the changing nature of devolution and shows how the deepening of devolution accelerates the negative electoral consequences for the British system of government Finally the book shows why the British Labour Party is turning more and more into a long term minority party as a result of these

developments The book is a must read for scholars students and policy makers interested in a better understanding of comparative politics and devolution in general as well as in the more specific case of the United Kingdom s electoral system

God at the Grassroots 2016 Mark J. Rozell, Clyde Wilcox, 2017-11-02 In *God at the Grassroots 2016* The Christian Right in American Politics a distinguished group of political scientists many of whom have been studying the Christian Right for more than two decades assess the 2016 elections from the standpoint of religious conservative activism These elections more than any that they have analyzed best tell the story of the resilience of this movement and its enduring importance The contributors address the evolution of the religious right movement for more than two decades and focus primarily on the movement s role in the 2016 elections The first section examines the broader national context with chapters on the Republican nomination campaign the general election and the relationship between the religious right and the tea party The second section comprises state specific chapters focusing primarily on the crucial states in the 2016 presidential contest They conclude with lessons learned from the studies of the religious right in the elections from 1994 through 2016 and address directions for continued research on the subject Contributions by Joseph Cella Kimberly H Conger Matthew Corrigan Paul A Djupe Christopher P Gilbert James L Guth Donna R Hoffman Ted G Jelen Alexander Jensen Christopher W Larimer Mikael Pelz Sucheta Pyakuryal Carin Robinson Mark J Rozell Corwin E Smidt Oran P Smith Kenneth D Wald Clyde Wilcox and Abigail Zofchak

The Bellwether Kyle Kondik, 2016-06-06 Since 1896 Ohio voters have failed to favor the next president only twice in 1944 and 1960 Time after time Ohio has found itself in the thick of the presidential race and 2016 is shaping up to be no different What about the Buckeye State makes it so special In *The Bellwether* Kyle Kondik managing editor for the nonpartisan political forecasting newsletter Sabato s Crystal Ball blends data driven research and historical documentation to explain Ohio s remarkable record as a predictor of presidential results and why the state is essential to the 2016 election and beyond Part history part journalism this entertaining and astute guide proposes that Ohio has been the key state in the Electoral College for more than a century and examines what the idea of the swing state has come to mean In discussing the evidence Kondik uses the state s oft mentioned status as a microcosm of the nation as a case study to trace the evolution of the American electorate and identifies which places in Ohio have the most influence on the statewide result Finally he delves into the answer to the question voting Ohioans consider every four years Will their state remain a bellwether or is their ability to pick the president on its way out

Cases in Congressional Campaigns Randall E. Adkins, David A. Dulio, 2019-10-16 This carefully chosen sample of 2018 congressional campaigns provides readers with an account of the campaign battles that took place across the nation Although Democrats seemed to be poised for a big blue wave of victory following Donald Trump s historic and divisive 2016 election the Midterms yielded instead a split decision Looking at issues ranging from the Kavanaugh confirmation health care the economy and the impact of President Trump this book traces the dynamics at work in the 2018 Midterm elections The editors open with an explanation of the trends in this

election cycle followed by eight in depth case studies of House and Senate toss up races involving seats held by endangered Republican incumbents The book shows how 2018 fits into the context of precursor midterm campaigns and what the analysis of competitive states and districts holds for 2020 Aimed at a wide variety of college courses as well as general interest readers this book tells the story of the 2018 Midterms in fascinating detail NEW TO THE 3rd EDITION Goes beyond the conventional wisdom to analyze Republican incumbents win loss records Democratic challengers the role of Trump and other factors explicating a Midterm election year with no simple story line on either side Explores common themes and structures across all chapters allowing students to compare disparate election races more easily Looks at issues ranging from the Kavanaugh confirmation health care the economy and the impact of President Trump putting campaign dynamics into context with the challenge of governing

Presidential Swing States Why Only Ten Matter: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
