Renewing Christian Worldview Steven Félix-Jäger, Yoon Shin, 2023-09-26 This brief but comprehensive introduction to Christian worldview helps readers understand the Christian faith as the substance of Spirit filled living and as a knowledge tradition stemming from the global Pentecostal movement Using beauty truth and goodness as organizing principles the authors delineate a Christian worldview by tracing each category historically comparing and contrasting each with alternative Christian expressions and constructing fresh takes on each as read through the lived Pentecostal experience Unlike other worldview books the authors approach emphasizes beauty relating to experience rather than truth involving knowledge acquisition that difference in emphasis flows naturally from the Pentecostal perspective which has traditionally centered the experience of the Spirit Pentecostal Christians will find this volume indispensable for thinking lucidly about their worldview from a renewal perspective

Ethics and Liberation Charles L. Kammer,2002-12-26 The introduction to the nature and purpose of Christian ethics presents an ethical theory consistent with the fundamental insights of the Christian tradition Ethics and Liberation outlines an ethic which provides guidelines for responsible stands on contemporary issues be they personal or socio political Exploring both the strengths and weaknesses of traditional Christian ethics Kammer proposes going beyond them to an ethic of theonomous responsibility one based on the precepts of liberation theology Stressing the socio political dimension of ethics Kammer follows the threads of Christian tradition that led to an emphasis on personal salvation and a neglect of social issues Finally he traces the path from Christian realism through liberation theology Ethics and Liberation concludes with a discussion of two serious test cases in contemporary moral issues the distribution of health care and nuclear disarmament

Law's Virtues Cathleen Kaveny,2012-09-20 Can the law promote moral values even in pluralistic societies such as the United States Drawing upon important federal legislation such as the Americans with Disabilities Act legal scholar and moral theologian Cathleen Kaveny argues that it can In conversation with thinkers as diverse as Thomas Aquinas Pope John Paul II and Joseph Raz she argues that the law rightly promotes the values of autonomy and solidarity At the same time she cautions that wise lawmakers will not enact mandates that are too far out of step with the lived moral values of the actual community According to Kaveny the law is best understood as a moral teacher encouraging people to act virtuously

rather than a police officer requiring them to do so In Law's Virtues Kaveny expertly applies this theoretical framework to the controversial moral legal issues of abortion genetics and euthanasia In addition she proposes a moral analysis of the act of voting in dialogue with the election guides issued by the US bishops Moving beyond the culture wars this bold and provocative volume proposes a vision of the relationship of law and morality that is realistic without being relativistic and optimistic without being utopian *The Perspective of Love* Russell J. Snell, 2014-04-21 While many of the Reformers considered natural law unproblematic many Protestants consider natural law a Catholic thing and not persuasive Natural law it is thought competes with the Gospel overlooks the centrality of Christ posits a domain of pure nature and overlooks the noetic effects of sin This Protestant Prejudice however strong overlooks developments in contemporary natural law quite capable and willing to incorporate the usual objections into natural law While the natural law itself is universal and invariant theories about the natural law vary widely The Protestant Prejudice may respond to natural law understood from within the modes of common sense and classical metaphysics but largely overlooks contemporary natural law beginning from the first person account of subjectivity and practical reason Consequently the sophisticated thought of John Paul II Martin Rhonheimer Germain Grisez and John Finnis is overlooked Further the work of Bernard Lonergan allows for a natural law admitting of noetic sin eagerly incorporating grace community the limits of history a real but limited autonomy and the centrality of Christ in a natural law that is both graced and natural
