Healthy Gaians Richard Levitón, 2007-01-02 Headline in boldface and or small caps do in 2 lines maximum The healthier we are in body mind and culture the more we can happily interact with the Spirit of Earth or Gaia who needs our attention now Main text Health how to keep it regain it or even optimize it concerns many today But we usually think of health in personal terms human terms What about the health of the Earth To be healthy rather than sick has planetary implications and Healthy Gaians shows you ways of improving your health to help improve the planet s Welcome to a diverse anthology of 70 articles on human health drawn from a journalistic career spanning 25 years Here are bodywork cancer the immune system vaccinations eurythmy chakras Jungian psychology intuition conflict resolution healing with art music sound and color singing to the dying dreams water rejuvenation the poetics of the elements near death experiences the purpose of evil myth living and quantum shamanic adventures You ll get familiar with lots of natural health modalities such as herbalism acupuncture flower essences and bionutrient fortification And meet a stimulating group of health pioneers such as R D Laing William Irwin Thompson Barbara Walker Fred Alan Wolf Robert Sardello Caroline Myss M F K Fisher Kyriacos Markides and Rowena Kryder among others Each gives innovative ways to free ourselves from the ill health constraints of body mind and culture as part of the larger process of becoming healthy Gaians exactly what the planet needs from us There are many ways to better health The important thing is to start getting healthy so you can help the planet in its time of need Then the Earth can start sending back the good health vibrations to you now you re back in the health loop Note Be sure to note boldface two line headline at top this is 250 words but the book s format will be large and it will fit easily without crowding *Human and Divine Being* Donald Wallenfang, 2017-04-10 Nothing is more dangerous to be misunderstood than the question What is the human being In an era when this question is not only being misunderstood but even forgotten wisdom delivered by the great thinkers and mystics of the past must be recovered Edith Stein 1891 1942 a Jewish Carmelite mystical philosopher offers great promise to resume asking the question of the human being In Human and Divine Being Donald Wallenfang offers a comprehensive summary of the theological anthropology of this heroic martyr to truth Beginning with the theme of human vocation Wallenfang leads the reader through a labyrinth of philosophical and theological vignettes spiritual being the human soul material being empathy the logic of the cross and the meaning of suffering The question of the human being is asked in

light of divine being by harnessing the fertile tension between the methods of phenomenology and metaphysics Stein spurs us on to a rendezvous with the stream of perennial philosophy that has watered the landscape of thought since conscious time began In the end the meaning of human being is thrown into sharp relief against the darkness of all that is not authentically human

The Absent Body Drew Leder,1990-07-20 The body plays a central role in shaping our experience of the world Why then are we so frequently oblivious to our own bodies We gaze at the world but rarely see our own eyes We may be unable to explain how we perform the simplest of acts We are even less aware of our internal organs and the physiological processes that keep us alive In this fascinating work Drew Leder examines all the ways in which the body is absent forgotten alien uncontrollable obscured In part 1 Leder explores a wide range of bodily functions with an eye to structures of concealment and alienation He discusses not only perception and movement skills and tools but a variety of bodies that philosophers tend to overlook the inner body with its anonymous rhythms the sleeping body into which we nightly lapse the prenatal body from which we first came to be Leder thereby seeks to challenge primacy of perception In part 2 Leder shows how this phenomenology allows us to rethink traditional concepts of mind and body Leder argues that Cartesian dualism exhibits an abiding power because it draws upon life world experiences Descartes corpus is filled with disruptive bodies which can only be subdued by exercising disembodied reason Leder explores the origins of this notion of reason as disembodied focusing upon the hidden corporeality of language and thought In a final chapter Leder then proposes a new ethic of embodiment to carry us beyond Cartesianism This original important and accessible work uses examples from the author's medical training throughout It will interest all those concerned with phenomenology the philosophy of mind or the Cartesian tradition those working in the health care professions and all those fascinated by the human body
