Doughty, 2023-11-15 Doughty examines contemporary children's and young adult YA literature featuring royal characters through a folkloric lens and shows different ways authors transform the traditional royal characters from folktales and Disney films She shows how princes and princesses are more progressive than their predecessors through expanding gender roles She also demonstrates how different types of abdication work to transform readers' expectations of royals and how they reach a happy ending different from traditional folktales and Disney Finally employing Rudine Sims Bishop's ideas about mirrors windows and sliding glass doors she explores how queer royals and royals of color offer new mirrors for children and young adults Each chapter presents a typology of royal books related to the topic and explains how they work to transform the folktale tradition Doughty concludes with a discussion of the transformational gaps remaining in royal children's and YA literature Connecting Children with Classics Meagan Lacy, Pauline Dewan, 2018-03-14 This guide identifies hundreds of books that can help children develop into engaged readers Children's librarians collection development specialists in public libraries as well as K-8 school librarians and teachers will choose from the best in children's titles This unique readers advisory and collection development guide for librarians and others who work with children focuses on readers and their needs rather than simply categorizing books by their characteristics and features as traditional literature guides do Taking this unusual perspective brings forth powerful new

tools and curricular ideas on how to promote the classics and how to best engage with young readers and meet their personal and emotional needs to boost interest and engagement The guide identifies seven reader driven appeals or themes that are essential to successful readers advisory awakening new perspectives providing models for identity offering reassurance comfort strength and confirmation of self worth connecting with others giving courage to make a change facilitating acceptance and building a disinterested understanding of the world By becoming aware of and tapping into these seven themes librarians and other educators can help children more deeply connect with books thereby increasing the odds of becoming lifelong readers The detailed descriptions of each book provide plot summaries as well as notes on themes subjects reading interest levels adaptations and alternative formats translations and read alike This informative guide will also aid librarians in collection development and bibliotherapy services
