Aubert,2013-10-03 This book explores the influences of German theology on Emanuel Gerhart and Charles Hodge two Reformed theologians who addressed questions concerning method and atonement theology in light of modernism and new scientific theories *Incarnation and Sacrament* Jonathan Bono,2010-03-01 The nineteenth century Eucharistic controversy between Charles Hodge and John Williamson Nevin is an important episode in the history of American Christianity Hodge and Nevin battled over issues that lie at the heart of Christian faith and piety such as Why did God become man What bearing does the incarnation of Christ have on the redemption of the world How are believers on earth united with the ascended Christ who is in heaven Is Christ really present in the Lord s Supper And if so then how is he made to be present These are just a few of the age old questions that Charles Hodge and John W Nevin sought to answer and over

which they came to vigorously contend Incarnation and Sacrament provides an in depth historical and theological analysis and assessment of the controversy that arose between these two great nineteenth century American theologians By doing so it aims to provide some illumination on the theological heritage of the Protestant churches in the United States of the twenty first century

God, Creation & Human Rebellion Archibald A. Alexander, Charles Hodge, 2025-06-14 Archibald Alexander 1772 1851 is known for his warm experimental Calvinism being the first professor at Old Princeton Seminary and for being a father of early American presbyterianism Charles Hodge 1797 1878 a major theologian in his own right was his student and took down Alexander s catechetical lectures on the first third of systematic theology in 1818 Besides the inherent interest in Alexander s thought being a link between the old and new worlds and what was being taught at Princeton Seminary for the formation of ministers from its inception this book in its clear and concise presentation is a great recommendation for someone who wants to get into Christian doctrine or read a systematic theology for the first time Of specific interest is Alexander s epistemology and apologetics manifesting his Scottish common sense realism The Foreward by Rev Maurice Roberts and Introduction by Dr James Garretson thoroughly contextualize this treasure of reformed history

The Covenant of Redemption John V. Fesko, 2015-12-09 The covenant of redemption pactum salutis the eternal intra trinitarian covenant was a common staple within Early Modern Reformed theology yet there are very few historical works that examine this doctrine J V Fesko s study *The Covenant of Redemption Origins Development and Reception* seeks to address this lacuna In the contemporary period the covenant of redemption has been derided as speculative mythological a declension from trinitarianism or erroneously derived from one or two biblical proof texts Yet seldom have critics carefully engaged the primary sources to examine the different formulations supporting exegesis and ways in which the doctrine was employed Far from speculation sub trinitarian or a cold business transaction proponents of the covenant of redemption constructed this doctrine based upon a web of interconnected biblical texts and were very sensitive to maintaining a robust doctrine of the trinity as they employed this doctrine as a bulwark against the anti trinitarian claims of Socinian theologians Proponents of the doctrine also saw this pre temporal covenant as the embodiment of intra trinitarian love that overflows unto those chosen in Christ for their salvation and ultimate fellowship with the triune God John V Fesko explores the historical origins of the doctrine and then surveys its development in the seventeenth through nineteenth centuries examining key advocates of the doctrine including David Dickson Herman Witsius Johannes Cocceius Francis Turretin Patrick Gillespie John Gill Jonathan Edwards Charles Hodge and A A Hodge He then examines the contemporary reception of the doctrine in the twentieth century with a survey of the doctrine s critics including Karl Barth Herman Hoeksema Klaas Schilder and John Murray After exploring the claims of the critics the study moves to examine the views of twentieth century proponents including Geerhardus Vos Herman Bavinck Abraham Kuyper Louis Berkhof and G C Berkouwer
