Qualitative Methods For Family Studies And Human Development:

Qualitative Methods for Family Studies & Human Development Kerry J. Daly, 2007 **Qualitative Methods for Family Studies and Human Development** Kerry J. Daly, 2007-02-15

Daly has crafted one of the most accessible comprehensive and functional texts in research methods that students scholars and practitioners concerned with understanding family and development will immensely appreciate

Carla L Fisher The Pennsylvania State University I love this book It is thoroughly excellent accessible and clear What an accomplishment an inviting research methods book written with intelligence and humility makes you want to dive right into your next research project

Katherine R Allen Virginia Polytechnic Institute and State University This book is a masterpiece Kerry Daly has written the finest and most profound volume on qualitative research available in print From the opening chapter to the last it is clear that we are in the hands of a master scholar who brings great depth and wisdom to his work A tour de force by any standard

David Dollahite Brigham Young University Qualitative Methods for Family Studies and Human Development serves as a step by step interdisciplinary qualitative methods text for those working in the areas of family studies human development family therapy and family social work Providing a systematic outline for carrying out qualitative projects from start to finish

author Kerry J Daly uniquely combines epistemology theory and methodology into a comprehensive package illustrated with specific examples from family relations and human development research

Key Features Outlines different analytic procedures The most commonly used methodological traditions are covered including ethnography interpretive phenomenology grounded theory methodology narrative analysis discourse analysis and participatory action research Offers examples from both hypothetical and actual research studies Attention is given to the unique challenges associated with qualitative research on couples and families ethics procedures and credibility issues Allows readers to make informed choices within clear guidelines Balances breadth of topic coverage with sufficient detail to equip students to make informed decisions about methodologies and to be able to design and implement a qualitative research project Cultivates good perceptual skills Several pedagogical text boxes tips and guidelines for data collection examples and illustrations encourage students to reflect on their own preferences values and experiences

Kerry J. Daly, 2007-02-15 Qualitative Methods for Family Studies and Human Development serves as a step by step
interdisciplinary qualitative methods text for those working in the areas of family studies human development family therapy
and family social work Providing a systematic outline for carrying out qualitative projects from start to finish author Kerry J
Daly uniquely combines epistemology theory and methodology into a comprehensive package illustrated specifically with
examples from family relations and human development research Methods of Research on Human Development and
Families Theodore N. Greenstein, Shannon N. Davis, 2019-07-11 Methods of Research on Human Development and Families is
an introduction to quantitative and qualitative research methods that teaches students how to be intelligent and critical
consumers of research on families This new book has been adapted from the author team's previous SAGE text Methods of
Family Research and includes applications and examples from both family science and human development research With a
focus on interpreting and understanding research techniques rather than doing research this text illustrates how research on
families is conducted and helps students gain the competence and confidence to effectively read interpret and critique
published research reports *The Social Science of Same-Sex Marriage* Aaron Hoy, 2022-01-29 Showcasing research from
across the social sciences this edited volume seeks to provide readers with an empirically grounded sense of how many
lesbian gay bisexual and transgender LGBT people marry in the US and Canada what their marriages look like and how LGBT
people themselves are impacted by marriage and marriage equality Prior to marriage equality lawmakers and activists across
the political spectrum debated whether same sex couples should have the legal right to marry and likewise academic
research to date has focused mostly on the politics of same sex marriage However this edited volume focuses on LGBT people
themselves and their intimate relationships in the era of marriage equality Including both quantitative and qualitative social
science research it features 14 primary chapters that examine a diverse set of topics including demographic patterns in same
sex marriage and cohabitation marital aspirations and motivations among LGBT people arrangements and dynamics within
same sex relationships and the legal benefits and informal privileges associated with marriage The edited volume will be of
interest to scholars across a wide range of disciplines including sociology psychology child and family studies
communications social work and economics while also offering valuable information for laypeople generally interested in
families and or LGBT studies Methods of Family Research Theodore N. Greenstein, Shannon N. Davis, 2012-07-16 In the
3rd edition of Methods of Family Research authors Theodore N Greenstein and Shannon N Davis continue to help students
better understand the research results they encounter in doing family research Using real life examples to illustrate
important concepts that family researchers encounter regularly the text covers traditional quantitative methods qualitative
methods and the mixed method approach Written in a clear concise style this book differs from other research methods texts

which focus on teaching students how to produce research by teaching them how to consume research in a sophisticated effective manner The book introduces the basic concepts of social science research methods without excessive technical details

Integrating Postmodern Therapy and Qualitative Research Carlos Perez, 2020-07-08 This book integrates postmodern theories of therapeutic research and practice to demonstrate how these approaches can be effectively integrated into methods of data collection and analysis Drawing from theories of counseling and marriage and family therapy the book thoroughly explores the similarities between therapy and qualitative research Chapters consider therapies which offer a humanistic way of being such as collaborative language systems narrative therapy and solution focused brief therapy and identify complementary philosophies and traits that can be used to guide the qualitative researcher's practice Transcripts and vignettes of the author's practice as both a therapist and a researcher further help to illuminate how readers might enrich their processes of research and data analysis Suitable for use on graduate level qualitative research courses as well as an adjunct to marriage and family therapy courses *Integrating Postmodern Therapy and Qualitative Research* innovatively encourages readers to reflect on and develop their personal practice and approach to analyzing key information

Teaching Qualitative Research Rosalind E. Hurworth, 2008-01-01 Over the past two decades there has been a plethora of book for students about how to tackle Qualitative Research QR but absolutely nothing on how to teach it This book attempts to redress the imbalance by presenting a history of what is known about QR teaching as well as to bring alive current QR teaching and learning through a set of Australian and British case studies Courses visited were located within a variety of disciplines including Education Sociology Anthropology Nursing Psychology Communications and Evaluation were taught by both experienced and inexperienced lecturers were either presented alone or in pairs took place in a range of institutions lasted from seven weeks to a year and involved from 15 to over 100 students It emerged however that no matter what the context several common issues were raised such as Should you teach theory practice or both How do you determine a curriculum for a QR course What is the best way to manage student projects How should students of QR be assessed In what ways can the constraints of University structures be confronted and How can lecturer deficiencies in training and experience be overcome To answer such questions Professor Hurworth draws deftly from personal observations and rich conversations with both lecturers and students from all the courses described As a result many practical ideas for moving the teaching and learning of QR forward are suggested

Research Methods in Family Therapy Douglas H. Sprenkle, Fred P. Piercy, 2005-06-01 Fully revised and updated the second edition of this widely adopted text and professional reference reflects significant recent changes in the landscape of family therapy research Leading contributors provide the current knowledge needed to design strong qualitative quantitative and mixed method studies analyze the resulting data and translate findings into improved practices and programs Following a consistent format user friendly chapters thoroughly describe the various methodologies and illustrate their applications with helpful concrete examples Among the ten entirely

new chapters in the second edition is an invaluable research primer for beginning graduate students Other new chapters cover action and participatory research methods computer aided qualitative data analysis feminist autoethnography performance methodology task analysis cutting edge statistical models and more
