Starseeds What's It All About? Alexander Quin, 2022-06-03 In the 1960s legendary hypnotherapist Dolores Cannon began working with patients who had smoking and eating issues When taken deep into their subconscious a surprising thing happened No matter their class creed or religion clients from all over the world kept saying the same thing I came here to raise Earth's vibration Upon returning to full consciousness this was something of a confusion to people at the time especially prior to crossing the great marker in 2012 when earth moved into a much higher photonic area of the cosmos changing the magnetics and many other elements that trigger our DNA and consciousness This book acts as a 360 dot connector giving a beginner to master level explanation of the Starseed phenomenon which is currently exploding globally and where it has developed to since It links together various information and insights spiritually metaphysically and scientifically so that the phenomenon can be broken down into disparate parts and understood from a very unique vantage point as a connected whole This book offers the why who how when and where For a very long time humanity has been kept in the dark about its spiritual and cosmic inheritance Who would do such a thing and what would they gain from such an endeavour In an age of lies everything has become a conspiracy theory and the truth is far stranger than fiction We are not having a global awakening but a remembrance of who we really are a return to our true selves We are from the stars and we are not alone
