Prophet's answer and public's question ? Abdul Waheed, Just as in today's time people ask all kinds of weird questions to scholars similarly in ancient times people used to ask all kinds of weird questions to the Prophet but the Prophet used to be answered in a proper manner through divine knowledge In this way the public used to get satisfied but those who did not want to believe were neither satisfied nor did they believe As per the title of the above book whatever questions people used to ask the Prophet in this book its details have been given in it which have been taken from the Quran itself Just as atheists have questions today in the same way people used to ask questions to the Prophets in those times But everyone knows that every question cannot be answered because it can only be felt or experienced it cannot be seen If any question related to the Prophet is left in this book please let me know I will try to enter your article Thank you
