Transformational Preaching David M.

Brown,2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry

A Homiletical Praxeology on the Persuasiveness of Literary Forms Ferdi P. Kruger,2025-04-29 This book is aimed at academic scholars and preachers who deal with homiletical praxeology weekly Its purpose is to focus on the rhetorical appeal of the Biblical text which is alluded to from the viewpoint of the five preaching blocks according to Matthew s Gospel and the Hebrew sermon The book s uniqueness is encapsulated in the idea that it is a practical theological and homiletical study Consequently the book offers empirical perspectives on literary forms and an inter disciplinary engagement with neighbour sciences before presenting normative perspectives This book posits that faith communities should be exposed to more literary forms to realise that the library of the Gospel and its literature does have a rhetorical appeal that should be preached according to its purpose The unique structure and way the Gospel portrays the Kingdom that has come near as well as the Hebrews sermon offering perspectives on attitude change could enrich a homiletical practice Paul and Asclepius

Christopher D. Stanley,2022-08-25 What role did offers of physical healing or the hope of receiving it play in the missionary program of the apostle Paul What did he do to treat the many illnesses and injuries that he endured while pursuing his mission What did he advise his followers to do regarding their health problems Such questions have been broadly neglected in studies of Paul and his churches but Christopher D Stanley shows how vital they truly become once we recognize how thoroughly pagan religion was implicated in all aspects of Greco Roman health care What did Paul approve and what did he reject Given Paul s silence on these subjects Stanley relies on a cross cultural and interdisciplinary approach to develop informed judgments about what Paul might have thought said and done with regard to his own and his followers health care He begins by exploring the nature and extent of sickness in the Roman world and the four overlapping health care systems that were available to Paul and his followers home remedies magical treatments religious healing and medical care He then examines how Judeans and Christians in the centuries before and after Paul viewed and engaged with these systems Finally he speculates on what kinds of treatments Paul might have approved or rejected and whether he might have used promises

of healing to attract people to his movement The result is a thorough and nuanced analysis of a vital dimension of Greco Roman social life and Paul s place within it Preaching by Heart Ryan P. Tinetti, 2021-06-22 There s a seemingly innocuous villain that is taking up residence in the pulpits of countless churches disrupting the connection between the pastor and the people and keeping the proclamation of God s word from having its full effect That villain is the preacher s notes Preachers know this all too well Many wish that they could preach by heart without the aid of notes but are unsure how to do so and are left feeling frustrated and discouraged by the presence of that disruptive interloper Author Ryan Tinetti shares an unexpected solution in the form of an ancient and time tested practice known as the method of loci or Memory Palace Surveying portions of classical rhetoric that are especially relevant for contemporary preachers and diving deep into the theory and practice of the Memory Palace Preaching by Heart plunders these ancient treasures that have been so formative for preachers through the ages but too oft neglected in our own time When pastors preach by heart they find greater satisfaction in the homiletic task and their proclamation is even more effective Preaching by Heart shows how to pitch the notes and reach that goal
