foreigners and traders who came to the Malay World and wrote fiction and faction writing that portrays real people or events  
in a dramatised manner during their sojourn regardless of whether they continued to stay in the region returned to their  
home country or migrated to another country The essays tend to cross generic and disciplinary boundaries as the

contributors of this book are drawn from various fields within the arts and humanities including history geography language and literature and translation All of them however deal with colonial texts the Malay World or primarily cover the period from the 18th to the 20th century Including readings of fiction diaries vignettes letters written by traders or colonial officers the uniqueness of this book lies in the personal private and or informal nature of the various documents studied The encounters of these outsiders with the natives not only offer fascinating historical insights into the Malay World but to a significant degree vividly express the views and personalities of the writers themselves as mediated through their assigned commercial and colonial roles     Almanak Feng Shui 2014 Mas Dian, MRE,2013-10-18
