A Life of Divine Victories Modupe Josephine Fasusi, 2012-04 I was going through some bizarre experiences and experiencing sustained witchcraft attacks for about forty two years I was not prepared for these sorts of encounters and so didn t understand what was happening I only felt the pain hurt and social ostracism associated with the attacks God took over my battles He taught me to pray in warfare sustained me in the trial took over my battles and uplifted me in sustained victories The world must hear my story and know that God is alive the same yesterday today and forever so that someone else somewhere going through similar unexplained problems would find succor and solutions to their problems Through these experiences I explored the linkages of such attacks to the better understanding management and treatment of mental health and behavioral problems of today as well as the respective roles for churches parents and individuals

Truth and Rumors Bill Brioux, 2007-12-30 When you first heard it you couldn t believe it Jerry Mathers from TV s Leave It To Beaver had been killed in Vietnam Then word came that Abe Vigoda the actor who played the curmudgeonly cop Fish on Barney Miller was dead and that Mikey who would eat anything as the Life Cereal tyke had eaten too many Pop Rocks and exploded Besides exposing us to things we couldn t

otherwise believe television can convince us of things that never actually happened But how did these outrageous TV legends get started How did they spread from classrooms to boardrooms across North America and beyond And most important what do these rumors so quickly transformed into facts and common knowledge reveal about our relationship to reality through the medium of television Put in other words what exactly is it that were doing when were dealing in these fabulous rumors are we chasing after surprising truths or simply more incredible entertainment To take one telling example Jerry Mathers was not actually killed in Vietnam but the basic sense of this lie wasn't far removed from the emotions factually expressed in the two page spread of the faces of the dead in Time magazine In the course of this compelling work which is supplemented with interviews with many of the people implicated in these rumors author Bill Brioux exposes the reality behind the many stories that currently circulate in our culture Through these stories both true and false he sheds a revealing light on just what role these rumors play in contemporary society and what role our society plays in regard to these rumors as well

Baum, 2011-11-21 Beneath the surface of our society writes historian Robert Wistrich are ancient myths dark hatreds and irrational fantasies that continue to nourish antisemitism But the larger question has to do with why we are so prone to believe them To that end Steven K Baum has an answer In this book Baum carefully guides the reader through the social mind and explains how the formation of social beliefs can be used as a narrative to determine reality He offers a new perspective regarding how antisemitic legends and folk beliefs form the basis of our ongoing social narrative Baum asks the reader to consider a social unconscious the cauldron of cultural fantasies that consists of superstitions magical thinking and racial tales This witches brew concocts a Social Voice that can be loud or quiet benign or hostile fleeting or permanent Most importantly this voice is undeniably antisemitic and racist As is often the case in the court of public opinion those who own the narrative win In **Antisemitism Explained** Baum reminds us to think critically about our own social narrative and to be careful about what we choose to believe Handbook of Research on Contemporary Storytelling Methods Across New Media and Disciplines Mih?e?, Lorena Clara, Andreescu, Raluca, Dimitriu, Anda, 2021-01-15 Stories are everywhere around us from the ads on TV or music video clips to the more sophisticated stories told by books or movies Everything comes wrapped

in a story and the means employed to weave the narrative thread are just as important as the story itself In this context there is a need to understand the role storytelling plays in contemporary society which has changed drastically in recent decades Modern global society is no longer exclusively dominated by the time tested narrative media such as literature or films because new media such as videogames or social platforms have changed the way we understand create and replicate stories The Handbook of Research on Contemporary Storytelling Methods Across New Media and Disciplines is a comprehensive reference book that provides the relevant theoretical framework that concerns storytelling in modern society as well as the newest and most varied analyses and case studies in the field The chapters of this extensive volume follow the construction and interpretation of stories across a plethora of contemporary media and disciplines By bringing together radical forms of storytelling in traditional disciplines and methods of telling stories across newer media this book intersects themes that include interactive storytelling and narrative theory across advertisements social media and knowledge sharing platforms among others It is targeted towards professionals researchers and students working or studying in the fields of narratology literature media studies marketing and communication anthropology religion or film studies Moreover for interested executives and entrepreneurs or prospective influencers the chapters dedicated to marketing and social media may also provide insights into both the theoretical and the practical aspects of harnessing the power of storytelling in order to create a cohesive and impactful online image
