Sec Financial Reporting Manual:

SEC Financial Reporting Manual Securities and Securities and Exchange Commission, 2018-06-30 This PRINT REPLICA of the SEC Financial Reporting Manual Division by the Corporation Finance of the Securities and Exchange Commission was UPDATED 12 01 2017 This Manual was originally prepared by the staff of the Division of Corporation Finance to serve as internal guidance Because of its informal nature the Manual does not necessarily contain a discussion of all material considerations necessary to reach an accounting or disclosure conclusion Such conclusions about a particular transaction are very fact dependent and require careful analysis of the transaction and of the relevant authoritative accounting literature and Commission requirements Pretty sure this will be revised based on the proposed new rules on Proposed Revisions to Prohibitions and Restrictions on Proprietary Trading and Certain Interests in and Relationships With Hedge Funds and Private Equity Funds dated JUNE 28 2018 When that happens we will publish the latest update Please check our other titles on www.usgovpub.com Why buy a book you can download for free We print this book so you don't have to First you gotta find a good clean legible copy and make sure it's the latest version not always easy Some documents found on the web are missing some pages or the image quality is so poor they are difficult to read We look over each document carefully and replace poor quality images by going back to the original source document We proof each document to make sure it's all there including all changes If you find a good copy you could print it using a network printer you share with 100 other people typically it's either out of paper or toner If it's just a 10 page document no problem but if it's 250 pages you will need to punch 3 holes in all those pages and put it in a 3 ring binder Takes at least an hour It's much more cost effective to just order the latest version from Amazon.com This book includes original commentary which is copyright material Note that government documents are in the public domain We print these large documents as a service so you don't have to The books are compact tightly bound full size 8 1/2 by 11 inches with large text and glossy covers 4th Watch Publishing Co is a SDVOSB If you like the service we provide please leave positive review on Amazon.com
