My Awakening A Path To Racial Understanding:

My Awakening David Ernest Duke, 1998 *Is it True What They Say About Freemasonry?* S. Brent Morris, Arturo de Hoyos, 2010-03-16 For as long as there have been Freemasons there has been a calculated effort to disparage and their practices In this insightful text masons de Hoyos and Morris explore the origins of the anti Masonic mindset and delve into the falsehoods on which critics have based these perennial sentiments Confronting opponents one at a time the authors methodically debunk the myths that have surrounded Freemasonry since its establishment investigating the motives and misconceptions that derive antagonists to spread deceit about Masonic traditions *Blood and Politics* Leonard Zeskind, 2009-05-12 More than fifteen years in the making *Blood and Politics* is the most comprehensive history to date of the white supremacist movement as it has evolved over the past three plus decades Leonard Zeskind draws heavily upon court documents racist publications and first person reports along with his own personal observations An internationally recognized expert on the subject who received a MacArthur Fellowship for his work Zeskind ties together seemingly disparate strands from neo Nazi skinheads to Holocaust deniers to Christian Identity churches to David Duke to the militia and beyond Among these elements two political strategies mainstreaming and vanguardism vie for dominance Mainstreamers believe that a majority of white Christians will eventually support their cause Vanguardists build small organizations made up of a highly dedicated cadre and plan a naked seizure of power Zeskind shows how these factions have evolved into a normative social movement that looks like a demographic slice of white America mostly blue collar and working middle class with lawyers and Ph D s among its leaders When the Cold War ended traditional conservatives helped birth a new white nationalism most evident now among anti immigrant organizations With the dawn of a new millennium they are fixated on predictions that white people will lose their majority status and become one minority among many The book concludes with a look to the future elucidating the growing threat these groups will pose to coming generations

Political Suicide Erin McHugh, 2016-04-15 Political Suicide is a history of the best and most interesting missteps peccadilloes bad calls back room hijinks sordid pasts rotten breaks and just plain dumb mistakes in the annals of American politics They have tweeted their private parts to women they re trying to impress They have gotten caught on tape doing and saying things they really shouldn t have They have denied knowing about the underhanded doings of underlings only to have a paper trail lead straight back to them Nowadays it seems like half of what we hear about politicians isn t about laws or governing but is instead coverage focused on shenanigans questionable morals and scandals too numerous to count And while we shake our heads in disbelief we still can t resist poring over the details of these notorious incidents In Political Suicide the foibles of our politicians are brought from the tabloid pages to this entertaining and cautionary tale of American history
