

INSTRUCTIONS for operating your *Showcard* MACHINE

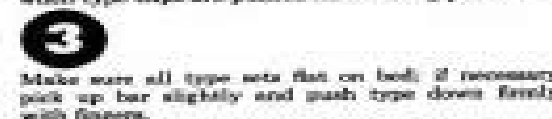

SETTING TYPE

1 Set type characters on bar, spelling words right to left.

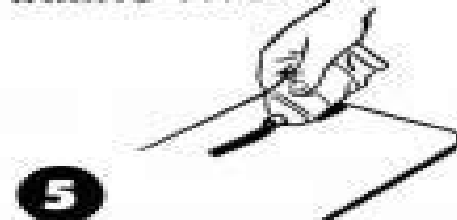

2 Place bar of type in bed of machine, fitting ends of bar into matches along sides. Slide type along bar to desired position. (Lines in bed plate serve as guide). Grasp spring clips between thumb and second finger, sliding the clips together against the type; now press the index fingers on top of type so type bar will be lifted off bed of machine and type will seat squarely when type clips are pushed into locking position.

3 Make sure all type sets flat on bed; if necessary pick up bar slightly and push type down firmly with fingers.

4 Follow same procedure for each line of copy on card. After setting is completed, check layout; you can move bars, shift type as you wish.

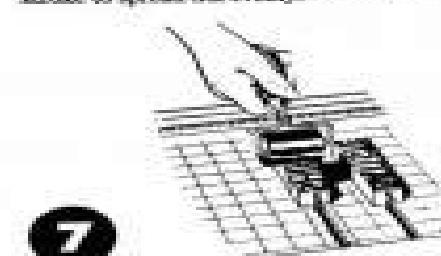

INKING TYPE

5 First make sure inking plate and rollers are close. Squeeze small amount of ink on top of plate; replace cap on ink tube.

6 Distribute ink on plate by touching roller to ink and working back and forth. Lift roller at end of each stroke to spread ink evenly.

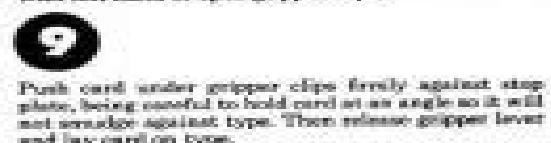

7 Ink type in machine by passing inked roller over type lightly two or three times. Always move the roller in same direction as the type bars. Lift roller at end of each stroke. Do not press down heavily on roller. Make sure all printing surfaces are covered with a thin coat of ink.

PRINTING CARDS

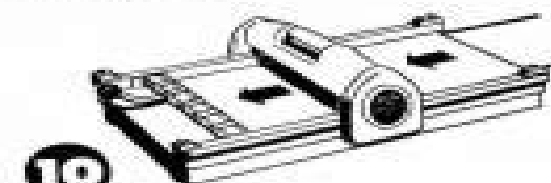

MODELS 5-11-A, B, C
NOTE: Carriage is shown at bottom of machine. It can be moved from top to bottom—operation is the same.

8 Hold card in right hand. Push down gripper lever with left hand to open gripper clips.

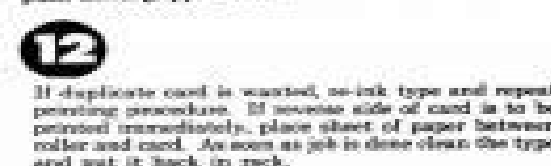

9 Push card under gripper clips firmly against stop plate, being careful to hold card at an angle so it will not scrudge against type. Then release gripper lever and lay card on type.

10 Take hold of carriage handle and draw carriage across card to other end of machine, in one smooth continuous motion. Only a single pass across card is required. It makes no difference if operation begins with carriage at top or bottom of machine.

11 With right hand grasp card at edges to avoid finger prints, and carefully lift it off type. With left hand push down gripper lever.

12 If duplicate card is wanted, re-ink type and repeat printing procedure. If reverse side of card is to be printed immediately, place sheet of paper between roller and card. As soon as job is done clean the type and put it back in rack.

PRINTING PRESSURE

MODELS 5-11-A, B, C

Proper printing pressure for the cardstock you use is determined by the bed plate. (Available for 6, 8, 10, 12 and 14 ply stock.) If necessary to increase pressure add a sheet of paper under bedplate. If you wish to print on paper place a sheet of the cardstock you use under bedplate.

KEEP IT CLEAN . . .

CLEAN TYPE every time you use it, right in machine. First wipe off with a dry cloth. Then moisten a cloth with Showcard Type Cleaner and rub over type. If ink has been allowed to harden or build up, use Special "X" Cleaner.

CLEAN INK PLATE AND ROLLERS at the end of each day. Roll most of the ink off rollers on an old card. Scrape most of the ink off plate with edge of an old card. Spread a few drops of Showcard Type Cleaner on roller and plate and wipe dry with a cloth.

CLEAN IMPRESSION CYLINDER immediately if any ink gets on it. Use a few drops of Showcard Type Cleaner on a cloth.

CLEAN MACHINE periodically by wiping with a cloth. Keep side rails, on which carriage rolls, clean at all times. If necessary you can apply a drop of fine machine oil to the bearings on the carriage. But do not attempt to adjust or repair the machine in any way. It is fully guaranteed; if it doesn't operate satisfactorily call or write the Showcard Machine Co.
