Neil Douglas Klotz has distilled his decades of rigorous scholarship deep practice and revolutionary insight into a potent elixir for our times Mirabai Starr translator of Julian of Norwich The Showings and author of Wild Mercy This book is an approach to Jesus's recorded words and teachings through his native language Aramaic answering many questions clearly and consistently even if unexpectedly no matter which Gospel you have in your hands From the Introduction Jesus's teachings have been used historically to fuel what became modern Western culture with all its pluses and minuses At the same time viewed through his native language the same teachings provide a solution to our culture's greatest challenges pointing the way toward a proper use of our human individuality and will Through expansions of Aramaic's multiple meanings as well as guided contemplations Revelations of the Aramaic Jesus provides a guide to transformation through the way of the prophet of Nazareth It shows how Jesus's deepest teachings address contemporary challenges such as our relationships with nature and each other as well as the purpose of life itself Revelations of the Aramaic Jesus is a guide to living an authentic interior life without dogma and a spiritual path that makes you more comfortable in your own providing a sense of meaning and purpose

Prophets, Priests, and Kings: A New Way to Consider Spiritual Gifts Gabe Sylvia, 2024-01-05

Toward the end of his life the Lord Jesus told the disciples the church would do the work that he had done and greater works in these last days Building on the finished work of Christ by the power and gifting of the indwelling Holy Spirit believers do these works as prophets priests and kings in what the church has called the gifts of the Holy Spirit Through study of the Old Testament saints who filled these offices Christ to whom they point and important New Testament texts Sylvia builds the paradigm for local church leaders to use to identify and deploy their church members in spiritually gifted ministry This paradigm is anchored in the Scriptures and can be used in congregations across the theological spectrum This book lays out a path for taking seriously the Lord's assertion that in these last days by the power of the Spirit and for the glory of God the church will do great things

Glorified Rubble Patrick LaPorte, 2021-09-22

There I go again not doing what I want to do and instead doing what I don't want to do What kind of Christian am I anyway Even more Who am I anyway Sound familiar You're not alone Many Christians perhaps most have wondered the same thing Glorified Rubble Rebuilding the True You The You God Intended in the First Place is the journey of a man who spent years after he became a Christian wondering it about himself feeling trapped in a sin he didn't want nor how to get out of A sin most of the church didn't want to address except to condemn A sin that made him feel like a second class citizen separate from other Christians But the man knew he was saved and he loved Jesus Finally determined to break free of the trap he turned to the Holy Spirit to teach him directly from scripture how to overcome sin as a Christian To his amazement he

discovered core biblical truths that applied to him and all Christians core biblical truths much of the church has lost sight of and are shrouded by secular ideas and language Glorified Rubble Rebuilding the True You The You God Intended in the First Place is more than a man learning how to overcome sin in his life It s a clarion call to every pastor church leader every Christian to return to core biblical truths the systematic unfolding of the Word of God from Genesis through Revelation The need to replace making church goers with making disciples A Reformation **Ancient Landscapes of Zoara I**

Konstantinos D. Politis,2020-11-29 Biblical Zoara is located in the Ghor as Safi precisely at the lowest place on earth Its environmental and cultural history is therefore unique During two decades an archaeological project was conducted which discovered many significant finds of human occupations spanning some 12 000 years These have been meticulously studied and the results are now presented here in Volume I Volume II will follow and will complete and complement Volume I
