Press Freedom and

Regulation in a Digital Era Irini Katsirea, 2024-04-22 The processes of convergence and digitalization have altered the technological conditions in which the press operates More than that they have altered the environment in which the press stakes its claim to freedom and strives to protect its turf from other media players The advent of internet based services and applications has blurred the technological boundaries between the press broadcasting and telecommunications challenging their regulatory silos Press Freedom and Regulation in a Digital Era A Comparative Study assesses the extent to which the emergent regulatory model for online news media is shaped by analogies from the past or rather by a newly prevalent culture of control By interweaving two distinct strands of analysis the concepts of press freedom and regulation and the phenomena of convergence and digitalization this book examines the key implications of digitalization and assesses the challenges for press freedom in the nascent digital news ecosystem Drawing upon decisions of the European Court of Human Rights ECtHR the Court of Justice of the European Union CJEU as well as from cases in Germany the United Kingdom and the United States this comparative work comprehensively explores the regulation of the press in the digital era and the impact of the proliferating media laws policies and jurisprudence on press freedom Irini Katsirea identifies the regulatory ruptures that persist and makes concrete and timely recommendations for the evolving online news ecosystem *ITNG 2024: 21st International Conference on Information Technology-New Generations* Shahram Latifi, 2024-07-08 This volume represents the 21st International Conference on Information Technology New Generations ITNG 2024 ITNG is an annual event focusing on state of the art technologies pertaining to digital information and communications The applications of advanced information technology to such domains as astronomy biology education geosciences security and health care are the among topics of relevance to ITNG Visionary ideas theoretical and experimental results as well as prototypes designs and tools that help the information readily flow to the user are of special interest Machine Learning Robotics High Performance Computing and Innovative Methods of Computing are examples of related topics The conference features keynote speakers a best student award poster award service award a technical open panel and workshops exhibits from industry government and academia This publication is unique as it captures modern trends in IT with a balance of theoretical and experimental work Most other work focus either on theoretical or experimental but not both Accordingly we do not know of any competitive literature *A Social Media Survival Guide* Melody Karle, 2020-02-27 The every person s guide to social media how to use it and what never to do Are you trying to figure out how to safely use social media but finding yourself struggling Here s a book specifically designed to help regular people figure out social media platforms It begins with a chapter about social media basics how they normally work why people use them and general safety tips It is easy to get confused by the large number of options that are out there so this book breaks down each major network into its own chapter Chapters are included for Facebook Snapchat Pinterest LinkedIn Instagram YouTube Twitter Reddit and Tumblr Because each social media platform has its their own rules benefits and challenges each chapter gives a summary of the platform and tells the reader why people use it

Next each chapter has a glossary of terms to explain language and slang that are used This will help people who are new to social media learn about terminology like subreddits retweets and more If readers decide to use the platform or already use it and want to learn more each chapter guides users through a how to of using each platform This includes the basic functionality setting up profiles settings and odd features that even current users may not know about Privacy and safety are also covered with a platform specific section devoted to these important issues in each chapter Two final chapters cover other notable social media platforms that readers might want to know about and archiving tips for saving social media posts and information This book can help people new to social media people joining new social media and people who are already on but want to learn how to better manage and protect their accounts

Black Ops Advertising Mara Einstein,2016-09-01

From Facebook to Talking Points Memo to the New York Times often what looks like fact based journalism is not It s advertising Not only are ads indistinguishable from reporting the Internet we rely on for news opinions and even impartial sales content is now the ultimate corporate tool Reader beware content without a corporate sponsor lurking behind it is rare indeed Black Ops Advertising dissects this rapid rise of sponsored content a strategy whereby advertisers have become publishers and publishers create advertising all under the guise of unbiased information Covert selling mostly in the form of native advertising and content marketing has so blurred the lines between editorial content and marketing message that it is next to impossible to tell real news from paid endorsements In the 21st century instead of telling us to buy buy BUY marketers engage with us so that we share share SHARE the ultimate subtle sell Why should this concern us Because personal data personal relationships and our very identities are being repackaged in pursuit of corporate profits Because tracking and manipulation of data make likes and tweets and followers the currency of importance rather than scientific achievement or artistic talent or information the electorate needs to fully function in a democracy And because we are being manipulated to spend time with technology to interact with friends to always be on even when it is to our physical and mental
