The "Immortal Six Hundred" and the Failure of the Civil War POW Exchange Process John F. Schmutz, 2024-11-14 Compounding the devastating tragedy of the Civil War was the failure of the warring parties to maintain a system for exchange of prisoners of war rather than imprisoning combatants for the duration This failure added at least 56 000 deaths to those accumulating on the battlefield and caused the untold suffering of many thousands more This book focuses on 600 Confederate officers made prisoners of war who were dispatched to Charleston Harbor to act as human shields and were subsequently imprisoned elsewhere and deliberately starved nearly to death These actions were the result of the breakdown of the exchange cartel as well as the retaliation policies promoted by the Secretary of War and the Lincoln administration

American Military History Daniel K. Blewett, 2008-12-30 In this companion volume to his 1995 bibliography of the same title Daniel Blewett continues his foray into the vast literature of military studies As did its predecessor it covers land air and naval forces primarily but not exclusively from a U S perspective with the welcome emergence of small wars from publishing obscurity In addition to identifying relevant organizations and associations Blewett has gathered together the very best in chronologies bibliographies biographical dictionaries indexes journals abstracts glossaries and encyclopedias each accompanied by a brief descriptive annotation This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries government documents collections military and intelligence agency libraries and historical societies and museums

Virginia at War, 1862 William C. Davis, James I. Robertson, 2007-04-06 The second volume in this history of Confederate Virginia examines the effects of military occupation industrial expansion and the Battle of Antietam In Virginia at War 1862 leading Civil War historians demonstrate how no aspect of life in the Commonwealth escaped the war's impact The collection of essays examines topics as diverse as daily civilian life and the effects of military occupation the massive influx of tens of thousands of wounded and sick into Richmond and the wartime expansion of Virginia's industrial base the largest in the Confederacy Out on the field Robert E Lee's army was devastated by the Battle of

Antietam and Lee strove to rebuild the army with recruits from the interior of the state. Many Virginians however were far behind the front lines. A growing illustrated press brought the war into the homes of civilians and allowed them to see what was happening in their state and in the larger war beyond their borders. To round out this volume, indefatigable Richmond diarist Judith McGuire continues her day by day reflections on life during wartime. The second in a five volume series examining each year of the war, *Virginia at War 1862* illuminates the happenings on both homefront and battlefield in the state that served as the crucible of America's greatest internal conflict. *American Civil War* Spencer C. Tucker, Paul G. Pierpaoli Jr., 2015-03-24. This two volume encyclopedia offers a unique insight into the Civil War from a state and local perspective showing how the American experience of the conflict varied significantly based on location. Intended for general interest readers and high school and college students, *American Civil War: A State by State Encyclopedia* serves as a unique, ready reference that documents the important contributions of each individual state to the American Civil War and underscores the similarities and differences between the states both in the North and the South. Each state chapter leads off with an overview essay about that state's involvement in the war and then presents entries on prominent population centers, manufacturing facilities, and military posts within each state; important battles or other notable events that occurred within that state during the war; and key individuals from each state, both civilian and military. The A-Z entries within each state chapter enable readers to understand how the specific contributions and political climate of states resulted in the very different situations each state found itself in throughout the war. The set also provides a detailed chronology that will help students place important events in proper order.

Making Minimum Wage Helen J. Knowles, 2021-08-05. The US Supreme Court's 1937 decision in *West Coast Hotel v. Parrish* upholding the constitutionality of Washington State's minimum wage law for women had monumental consequences for all American workers. It also marked a major shift in the Court's response to President Franklin D. Roosevelt's New Deal agenda. In *Making Minimum Wage*, Helen J. Knowles tells the human story behind this historic case. *West Coast Hotel v. Parrish* pitted a Washington State hotel against a chambermaid, Elsie Parrish, who claimed that she was owed the state's minimum wage. The hotel argued that under the concept of freedom of contract, the US Constitution allowed it to pay its female workers whatever low wages they were willing to accept. Knowles unpacks the legal complexities of the case while telling the litigants' stories. Drawing on archival and private materials, including the unpublished memoir of Elsie's lawyer, C. B. Conner, Knowles exposes the profound courage and resolve of the former chambermaid. Her book reveals why Elsie, who in her mid-thirties was already a grandmother, was fired from her job at the Cascadian Hotel in Wenatchee and why she undertook the outsized risk of suing the hotel for back wages. Minimum wage laws are not an academic question or even a legal one. Elinore Morehouse Herrick, the New York director of the National Labor Relations Board, said in 1936: "Rather, they are a human problem." A pioneering analysis that illuminates the life stories behind *West Coast Hotel v. Parrish* as well as the case's impact on local, state, and national levels. *Making Minimum Wage*

vividly demonstrates the fundamental truth of Morehouse Herrick's statement *Theophilus Hunter Holmes* Walter C. Hilderman III, 2013-11-21 The son of a North Carolina governor Theophilus Hunter Holmes graduated from the United States Military Academy in 1829 and served on the frontier during the Trail of Tears He fought in the Second Seminole War and in the U S Mexican War In 1859 he became the U S Army's chief recruiting officer and was assigned to Governors Island at New York City Only days before resigning from the U S Army he helped organize the naval expedition sent to relieve Fort Sumter from the Confederacy's blockade But then casting his lot with his native state Holmes led a Confederate brigade at First Manassas and a division during the Peninsular Campaign commanded armies in the Trans Mississippi and organized North Carolina's young boys and old men into the Confederate Reserves Holmes served with some of America's most notable historic figures Zachary Taylor Winfield Scott Robert E Lee and Jefferson Davis In modern times however he is virtually unknown The man and the soldier possessed traits of both triumph and tragedy as demonstrated in this biography **Notes on Virginia**, 2001 Occupying the Academy Christine Clark, Kenneth J. Fasching-Varner, Mark Brimhall-Vargas, 2012-08-02 In the wake of the election of President Obama many diversity scholars and practitioners imagined that renewed commitments to educational equity and justice were just around the corner Unfortunately the opposite has become the Obama era reality Across the country equity and diversity workers at all levels in university and colleges but especially Chief Diversity Officers in public institutions are under assault Is this assault a result of a premeditated and carefully calculated conservative political agenda or the unfortunate consequence of how largely white politically conservative and the power bases they represent are expressing their anger about the changing racial landscape in the United States This volume explores and deconstructs the reasons for this assault from various perspectives This volume also illustrates how the national assault on equity and diversity has resulted in a continuum At one end are diversity friendly institutions that are benignly neglecting equity diversity efforts because of state budget crises At the other end of the spectrum are the deliberate efforts being made to systematically dismantle equity and diversity work in especially politically conservative states
