Old Mad Wobbly Heather Cook:

The Old, The Mad and the Wobbly Heather Cook, 2015-11-28 A kitten is a kitten but each mature cat is unique Shaped by experience good and bad cats are survivors whether they have wrestled with the dark forces of nature or nothing more demanding than securing the most comfortable billet on the sofa Older cats are not afraid to be themselves not that there is ever any real danger of cats worrying what anybody thinks Mature cats have had years to grow into their ears and even if their ears don't hear too well those cats still have plenty to say Author Heather Cook spent 30 years as the homing officer for Woking Branch of Cats Protection and this has afforded her an endless supply of cats that could variously be described as past their sell by date off the wall or damaged This book documents the special felines who have taken up residence at her home Tresta Towers Some of these have presented me with significant challenges but there is no such thing as a bad cat I believe that animals react to outside stimuli favourable or unfavourable in order to survive says Heather Madness happens in cats as in people It can take the form of harmless eccentricity dementia or out and out psychosis In cats it can be a rather attractive quality only necessitating the wearing of protective clothing in extreme cases Think of kittens racing round a room at head height their tails like lasso brushes and their ears like helicopter blades They start off bonkers and it can only get worse Some cats are born wobbly some achieve wobbliness and some have wobbliness thrust upon them by illness or accident If you love cats you will love this book The cats featured are very special and have overcome any number of problems to survive This is not a dreary book however as cats are by nature humorous creatures and there are many amusing incidents along the way All the stories are true and all the cats are very real indeed **Paws for Thought** Heather Cook, 2013-10-01 Stumpy Malone is a cheeky little black cat who was born without hind paws He doesn't think of himself as disabled and often wonders why other cats have those funny blobby things on the end of their back legs He takes a robust view of life a life he shares with two extremely challenged humans the Earth Mother EM and Poor Roger PR along with a cast of felines There is the lumpy ginger boy Benjamin Wobble who has mobility problems and a tendency to be over friendly Miss Elizabeth has heart problems but reminds everyone of her Head Monitor status at every opportunity Then there's Whizzy who lost a leg in a traffic accident and many others none of whom could be described as normal Stumpy has an insatiable appetite for life and gets into a number of scrapes driving the humans mad with worry When they aren't worrying about Bonnie Bun Bun's dementia and cats sabotaging telephones and computers EM and PR are frequently searching for Stumpy who proves that two paws are all a cat needs to cause a lot of trouble Paws for Thought is a humorous book that will appeal to cat lovers everywhere especially to fans of Heather's first book Evie's Diary which was featured in Your Cat and Cat World amongst other publications and received well by readers who have commented If you like cats you'll love this book Highly a mew sing from start to finish A wonderful book The EM and Poor Roger are well under the paw and give their feline friends so much care and love **Punch** Mark Lemon, Henry Mayhew, Tom Taylor, Shirley Brooks, Francis Cowley Burnand, Owen
