Doubled Plots Susan Strehle Mary Paniccia Carden, 2009-09-28 In art myth and popular culture romance is connected with the realm of emotions private thought and sentimentality History its counterpart is the seemingly objective compendium of public fact In theory the two genres are diametrically opposed offering widely divergent views of human experience In this collection of essays however the writers challenge these basic assumptions and consider the two as parallel and as reflections of each other Looking closely at specific narratives they argue that romance and history share expectations and purposes and create the metaphors that can either hold cultures and institutions together or drive them apart The writers explore the internal contradictions of both genres as seen in works in which the elements of both romance and history are present The theme that flows throughout this collection is that romance literature and art frequently engage with or comment on actual historical events or histories Included among the contributions are discussions of romance and race in James Fenimore Cooper's *The Last of the Mohicans* the Rudolph Valentino film classic *The Sheik* the series of English Regency Romance novels the constructs of love and history in two of Alice McDermott's novels and a feminist reading of African American women's historical romances Moreover the essays approach romance and history from a variety of critical and political perspectives and examine a wide selection of romances from the 1800s to contemporary times They look at bestsellers and literary classics at texts by and for white audiences and at works created by writers on the margins of Western culture The anthology is a radical approach to romance a genre often dismissed as diversionary and reactionary It explores how well this genre serves for critical examinations of history

The Greatest Love Story Never Told Richard Orion, 2015-10-30 This story is based on a true love story that spanned almost two decades The names and places have been changed to protect the privacy of the individuals involved in this affair The chronological sequence of events has been maintained for continuity All the stories and experiences are based on facts This book is about a love story that was kept secret for 18 years and perhaps should've remained a secret The first book related to

this love story was a book of poems entitled Somewhere Sometime Somehow Love Poems and Short Stories published in 2008 by this author and Xlibris For the perceptive reader of this book one can trace the ups and downs of our love relationship These 18 years were filled with robust love and passion for each other Perhaps it was fantasy perhaps it was the most real thing we will ever experience The heartbreaking part of this love affair is that I am not really sure my lover ever really understood or appreciated my profound and unconditional love for her I opened my heart to her through poetry and thoughtful letters but she rarely showed me what was in her heart Perhaps it was a one sided love affair but I surely think and hope not I was convinced that she truly loved me through her words and actions At least I experienced a pure love that I had only dreamed was possible The story is told mainly through the exchange of letters and emails to each other Perhaps readers can experience and hopefully feel the deep love we felt for each other
