The Mormon Delusion. Volume 4. the Mormon Missionary Lessons - A Conspiracy to Deceive. Jim Whitefield,2012-10-01

The fourth in The Mormon Delusion series tracks the Mormon Missionary Lesson Manual as taught to investigators and lesson by lesson exposes and explains the truth behind the false teachings At every stage unsuspecting investigators are taught a fictional account of Mormon history and teachings by faithful missionaries who themselves have no idea they are teaching provable fiction This book exposes the underlying truth behind Joseph Smith s original fraudulent claims and modern day fictional Mormon teachings Evidence from within Mormon Church history and Mormon so called scripture proves conclusively that the Mormon Church continues in a conspiracy to deceive its own members missionaries and their investigators alike At the end of a journey through this book there will be nothing left for an investigator to take to the Lord in prayer in order to obtain an answer as to whether what the Mormon Church teaches is true Common sense and reason alone will be enough to determine the truth of the matter

Discovering Lehi: New Evidence of Lehi and Nephi in Arabia Lynn M. Hilton,Hope A. Hilton,2023-02-02 This fascinating Mormon odyssey was first commissioned by The Ensign But no mention was ever made in that work of the Lihyan Arabic transliteration for The People of Lehi civilization and the remarkable

possibilities found in its Arabian ruins In addition to the Hilton s original research they have discovered volumes of new evidence and new possibilities The findings in this book may just be the sign saying I Lehi was here It is possible that Lehi and Nephi were actually great missionaries that they converted thousands as hinted at in D C 33 8 10 This new evidence suggests that Arabian converts of Nephi and Levi grew in number and influence and prospered as all civilizations of The Book of Mormon were promised over a period of 1000 years until they actually ruled Arabia for an additional 300 years This work may be the most remarkable evidence currently available that Levi and Nephi actually existed and may be the only research to date to actually pinpoint Book of Mormon locations with any degree of accuracy It is astounding that the city Nephi referred to as Nahum actually exists today as a city of ancient origins It conforms to the Book of Mormon description of the burial place of Ishmael and the point where they changed their direction of travel from south southeast to nearly eastward toward Bountiful Here within our very grasp may be the first physical and historical evidence that Lehi and Nephi lived breathed struggled and taught the gospel as marvelous and influential prophets of The Book of Mormon

Mormon Hermeneutics Jeffrey S. Krohn, 2022-05-13 Bible readers are often preoccupied with themselves At times they neglect the original ancient context of the biblical writings The novelty of the modern is leveraged to trump the ancient Mormon hermeneutics seems to say more about the modern LDS church than any ancient biblical meaning Positively the LDS is to be applauded for their emphasis on the living out of their faith However through various approaches to the Bible the LDS Church seems to neglect the ancient horizon of the biblical text Any interpretation of the Bible LDS or otherwise should be held accountable This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics

Mormons and the Bible Philip L. Barlow, 1997-02-27 The Mormons have been one of the most studied American religious groups still no consensus exists about the essential nature of the movement or its place in American religion In this study Barlow analyzes the approaches taken to the Bible by key Mormon leaders from founder Joseph Smith up to the present day He shows that Mormon attitudes toward the Bible comprise an extraordinary mix of conservative liberal and radical ingredients an almost fundamentalist adherence to the King James Version of the Bible coexists with belief in the possibility of new revelation and surprising ideas on the limits of human language Exploring this unique Mormon stance on scripture Barlow takes important steps toward unraveling the mystery of this quintessential American religious phenomenon
