Nevada Imogen Binnie, 2022-06-09 Maria a trans woman in her thirties is going nowhere She spends her aimless days working in a New York bookstore trying to remain true to a punk ethos while drinking herself into a stupor and having a variety of listless and confusing sexual encounters After her girlfriend cheats on her Maria steals her car and heads for the Pacific embarking on her version of the Great American Road Trip Along the way she stops in Reno Nevada and meets James a young man who works in the local Wal Mart Maria recognizes elements of her younger self in James and the pair quickly form an unlikely but powerful connection one that will have big implications for them both Nevada is a hilarious groundbreaking cult classic from Imogen Binnie that inspired a whole literary movement and is now published in the UK for the very first time Part of the Picador Collection a new series showcasing the best of modern literature Unbound Queer Time in Literature, Cinema, and Video Games Juan Francisco Belmonte Ávila, Estíbaliz Encarnación-Pinedo, 2024-07-19 Unbound Queer Time in Literature Cinema and Video Games investigates the potential of queer conceptions of time to unbind forms of understanding identities In doing so it recognizes the power of time to determine us but chooses to queer time and turn it into an ally of unbound forms of understanding identities Through the analysis of different media literature cinema and video games the chapters revolve around three key ideas that there are inherently queer styles of using and dealing with time and temporality in culture that the critical rediscovery of canonical texts and the analysis of largely ignored queer texts and authors allow for a better understanding of queer identities and finally that normative conceptions of time can and should be challenged through critical tools that reconceptualize notions of the self around time This volume will be of interest to postgraduate students and researchers working close to areas such as queer and gender studies media and cinema studies cultural studies literary theory comparative literature game studies and art history Nevada Imogen Binnie, 2022-06-07 A beloved and blistering cult classic finally back in print Nevada follows a disaffected trans woman as she embarks on a cross country road trip *The Palgrave Handbook of Feminist, Queer and Trans* Narrative Studies* Vera Nünning, Corinna Assmann, 2025-07-09 The Palgrave Handbook of Feminist Queer and Trans Narrative Studies provides a comprehensive overview of the intersection between narrative theory and feminist queer and trans theory Bringing together eminent and emerging scholars from a range of disciplines it foregrounds connections between new views on gender and recent developments in narratology The first section outlines key concepts for the study of narrative and gender and features theory oriented chapters on what it means for the study of narrative to go beyond gender binaries The middle sections cover some of the currently most influential fields of narratology and literary theory cognitive and eco narratology postcolonial studies as well as concepts that are central to both narrative and gender studies such as affect and performativity The last section explores the meaning of gender in various genres and media formats from science fiction and trans autobiographies to film TV and social media This field changing volume shows how the proliferation of new ways to think about gender

The Cambridge Companion to American Literature and the Body Travis M. Foster, 2022-06-30 The human body has been depicted in a variety of ways across a range of cultural and historical locations It has been described variously as a biological entity, clothing for the soul, a site of cultural production, a psychosexual construct, and a material encumbrance Each of these different approaches brings with it a range of anthropological, political, theological, and psychological discourses that explore and construct identities and subject positions This Companion examines connections between American literature and bodies from the eighteenth century through the present It reveals the singular way that literature can help us understand the body's entanglement within social and biological influences and it traces the body's existence within histories of race, gender, and ability This volume details the genres, critical fields, and interpretive practices that best facilitate the analysis of bodies in the full span of American literary imaginings
