New Model Combining Change Management and Change Leadership Edward Darnell, 2013-05-22 This text begins with an intense study of how changes are viewed within a business from three points of view This study involved surveys and interviews involving employees managers and leaders or upper management The information that resulted from these sources were compiled and analyzed Then the various forms of change management and change leadership theories were explored to produce a new model to provide a successful means to achieve successful changes within the workplace This new model combines effective forms of both change management and change leadership into a single comprehensive adaptive and simple pathway which can be used to eliminate employee resistance before it even begins giving your change efforts a greater chance to succeed with its implementation This method also improves the ability to sustain the change This process

also makes it possible to make adjustments to the original plan so that the best solution possible can be applied within the workforce thus improving the competitive advantage you would gain from the change even further
