Mark Polelle,1999-01-01 In this book Mark R Polelle presents an overview of the evolution of geopolitical thought in three
national contexts the United States Britain and Germany from 1870 to the present Polelle examines in particular the rise of
the defense intellectual and shows how the measurement of national power has changed Geopolitics early in the century
assumed the centrality of space and territory but we close the century with despacialized concerns over geo economic
conflicts e g that between Japan and the United States Polelle explains this shift by putting it into historical context His use
of both historical and geographical methods makes Raising Cartographic Consciousness a valuable book for historians
geographers and political scientists
