

Intent and goal is clear

How to wash a car

You will need

- A car
- Two buckets of water
- A few sponges
- A hose
- A wash mitt
- One or two towels
- Some car wash detergent
- A brush

Step one: **Begin by filling your bucket with water.** while it is filling, make sure to put a decent amount of car wash detergent into the bucket, along with the sponges and the wash mitt. After this is done, fill another bucket with plain water to use as a rinsing bucket.

Step two: **Next, begin to hose down the car, this will loosen up the dirt on the car.** make sure to do this step very well as you do not want to scratch your car later while scrubbing.

Step three: The wheels on your car are quite often the messiest, dirtiest part of your car so its a good choice to do this first so that dirt from the wheels does not make the already clean parts of your car dirty. Make sure to **scrub them** with a brush thoroughly to get all of the dirt on the wheels.

Step four: Begin to scrub your car with a washing mitt, before so, make sure to soak your sponge in the soapy water begin applying it to the car. **Make sure NOT to scrub the car with the brush as this will leave paint scratches.**

Step five: Scrub all the sections of the car clean, make sure to leave the front of the car for last as it is regularly the dirtiest section of the car. Once clean, use the hose to rinse the car down, removing the rest of the loose dirt from the car.

Step six: Leave the car out in the sun to dry for a while, in the meantime begin to clean things up. **empty your bucket, put the hose away, put the detergent back into the cupboards. Once the car is dry, you should move it out of the sun and into your garage.**

Written in timeless present tense

Cause and effect statement

Strong action verb usage

Emphasize elements which could cause a major problem

Good closure of project putting away materials

Now you have successfully washed your car!

Procedural Writing Examples Grade 7

M Woodhall

Procedural Writing Examples Grade 7:

Writing Lesson Level 5--Precise Procedures and How-tos Richard Gentry, Ph.D., Jan McNeel, M.A.Ed., 2014-02-01 Incorporate writing instruction in your classroom as an essential element of literacy development while implementing best practices Simplify the planning of writing instruction and become familiar with the Common Core State Standards of Writing

Language Issues in English Medium Instruction Amy Bik May Tsui, Ernesto Macaro, 2024-12-09 Tsui and Macaro's volume addresses a central issue in English Medium Instruction EMI and draws on research and practice from both content teachers and language specialists It covers a range of academic disciplines and contains contributions by internationally recognized researchers and practitioners in EMI as well as covering both the theoretical orientations and pedagogical practices of EMI The chapters provide an in depth account of how language needs to be integrated into the various academic subjects being taught through the medium of English in higher education in non anglophone countries Its contributors are either second language specialists or teachers directly responsible for teaching in the different disciplines The book calls for much greater collaboration between these actors and for a sense of shared responsibility for ensuring that English Medium Instruction a phenomenon that is now established worldwide is successful for all students It will be of interest to students researchers and teachers of English Medium Instruction in both secondary and higher education

Teaching the Common Core Math Standards with Hands-On Activities, Grades 6-8 Judith A. Muschla, Gary R. Muschla, Erin Muschla, 2012-03-21 Helpful advice for teaching Common Core Math Standards to middle school students The new Common Core State Standards for Mathematics have been formulated to provide students with instruction that will help them acquire a thorough knowledge of math at their grade level which will in turn enable them to move on to higher mathematics with competence and confidence Hands on Activities for Teaching the Common Core Math Standards is designed to help teachers instruct their students so that they will better understand and apply the skills outlined in the Standards This important resource also gives teachers a wealth of tools and activities that can encourage students to think critically use mathematical reasoning and employ various problem solving strategies Filled with activities that will help students gain an understanding of math concepts and skills correlated to the Common Core State Math Standards Offers guidance for helping students apply their understanding of math concepts and skills develop proficiency in calculations and learn to think abstractly Describes ways to get students to collaborate with other students utilize technology communicate ideas about math both orally and in writing and gain an appreciation of the significance of mathematics to real life This practical and easy to use resource will help teachers give students the foundation they need for success in higher mathematics

Resources in Education ,1996-04 Writing and Vocabulary in Foreign Language Acquisition Dorte Albrechtsen, Kirsten Haastrup, Birgit Henriksen, 2004 This volume features eight articles on writing and vocabulary acquisition two crucial areas of study in foreign language learning and teaching Five contributions have come from notable research environments in Canada Ireland New Zealand Poland and Wales The first section is devoted to studies of writing in a second or a foreign language L2 The second section deals with vocabulary acquisition illustrating the wide scope of the issues open to investigation

Computers, Children, and Classrooms Hilda W. Carmichael, Ontario. Ministry of Education, 1985 This study examined the creative uses of computers in elementary schools and their impact on student s confidence and self esteem student student interaction student teacher interaction male and female students classroom management the role of the teacher special education teacher training teachers not involved in the study and curricular areas such as computer literacy learning Logo as a programming language problem solving and problem creation mathematics oral communication reading and writing the arts and values and the individual and society Findings are based on intensive examinations of real classrooms over a 2 year period A total of 433 students in 18 classrooms that involved 13 different teachers were studied of these 5 teachers and 40 students were involved in the study for 2 years Classrooms had 1

to 5 computers over the entire school year or students had access to a computer laboratory Logo and word processing were studied extensively the use of a graphics tablet and Musicland were explored for short periods Findings indicate that the creative use of computers fosters the development of independent and original thinking and that an environment that encourages exploration leads to extensive social interaction among students in addition students become more willing to express refine or revise their ideas A significantly greater proportion of students experienced an increase in their confidence and self esteem if their teacher was able to give them autonomy over their learning The impact on students attention span and cognitive development in the special education classes was also significant Appendices and selected references are provided Author JB Text-Dependent Questions, Grades 6-12 Douglas Fisher,Nancy Frey,Heather Anderson,Marisol Thayre,2014-09-02 Fisher Frey s answer to close and critical reading Learn the best ways to use text dependent questions as scaffolds during close reading and the big understandings they yield But that s just for starters Fisher and Frey also include illustrative video texts and questions cross curricular examples and an online facilitator s guide making the two volumes of TDQ a potent professional development tool across all of K 12 The genius of TDQ is the way Fisher and Frey break down the process into four cognitive pathways What does the text say How does the text work What does the text mean What does the text inspire you to do **List of Courses of Study for Elementary and Secondary Schools, 1930-1935** Edith A. Wright,1935
