

The background of the cover is a painting of Prometheus Bound by Eschscholtz. It depicts the Titan Prometheus, who was punished for stealing fire from the gods, lying on the ground in agony. He is bound by his wrists to a jagged rock. An eagle is perched on the rock, its talons gripping Prometheus's arms. The scene is set in a dark, rocky landscape with a storm brewing in the background. The painting is in a classical style, with strong contrasts of light and shadow.

Prometheus Bound New York Review Books Classics:

Prometheus Bound Aeschylus, 2015-03-24 Prometheus Bound is the starkest and strangest of the classic Greek tragedies a play in which god and man are presented as radically irreconcilably at odds It begins with the shock of hammer blows as the Titan Prometheus is shackled to a rock in the Caucasus This is his punishment for giving the gift of fire to humankind and for thwarting Zeus s decision to exterminate the human race Prometheus s pain is unceasing but he refuses to recant his commitment to humanity to whom he has also brought the knowledge of writing mathematics medicine and architecture He hints that he knows how Zeus will be brought low in the future but when Hermes demands that Prometheus divulge his secret he refuses and is sent spinning into the abyss by a divine thunderbolt To whom does humanity look for guidance to the supreme deity or to the rebel Titan What law controls the cosmos Prometheus Bound one of the great poetic achievements of the ancient world appears here in a splendid new translation by Joel Agee that does full justice to the harsh and keening music of the original Greek

Exodus, Reckoning, Sacrifice Kalypso Nicolaidis, 2019-06-27 Exodus Reckoning Sacrifice offers a very different take on Brexit to those found in most news segments or opinion pieces Kalypso Nicola dis Professor of International Relations at Oxford University examines Britain s relationship with the EU through the lens of Greek mythology using three key archetypes to analyse the differing visions of the world that have clashed so dramatically over this issue Exodus makes Brexit a story about British exceptionalism both a British problem and a testimony to the EU s incapacity to accommodate exceptions Reckoning brings the story back to the EU s shores with Brexit a harbinger of terrible truths which we lump together under the easy label of euroscepticism And Sacrifice contends with the ironic possibility that after and perhaps because of Brexit the EU will live up to the pluralist ideals that define both the best of Britain and the best of Europe Ultimately the book contains a plea for acknowledging each other s stories with their many variants ambiguities and contradictions And in this spirit of recognition it calls for a mutually respectful do no harm Brexit the smarter kinder and gentler Brexit possible in our hard edged epoch of resentment and frustration

The Orphic Voice Elizabeth Sewell,2022-05-03 A wondrously written book of literary criticism and philosophy that maps the relationship between poetry

and natural history connecting verse from poets such as Shakespeare and Rainer Maria Rilke to the work of scientists and theorists like Francis Bacon and Michael Polanyi Taking its bearings from the Greek myth of Orpheus whose singing had the power to move the rocks and trees and to quiet the animals Elizabeth Sewell's *The Orphic Voice* transforms our understanding of the relationship between mind and nature Myth Sewell argues is not mere fable but an ancient and vital form of reflection that unites poetry philosophy and natural science Shakespeare with Francis Bacon and Giambattista Vico Wordsworth and Rilke with Michael Polanyi All these members of the Orphic company share a common perception that discovery in science and poetry is a mythological situation in which the mind unites with a figure of its own devising as a means toward understanding the world Sewell's visionary book first published in 1960 presents brilliantly illuminating readings of *A Midsummer Night's Dream* and Rilke's *Sonnets to Orpheus* among other masterpieces while deepening our understanding not only of poetry and the history of ideas but of the biological reach of the mind
