Multitude War And Democracy In The Age Of Empire:

Multitude Michael Hardt, Antonio Negri, 2005-07-26 In their international bestseller *Empire* Michael Hardt and Antonio Negri presented a grand unified vision of a world in which the old forms of imperialism are no longer effective But what of Empire in an age of American empire Has fear become our permanent condition and democracy an impossible dream Such pessimism is profoundly mistaken the authors argue Empire by interconnecting more areas of life is actually creating the possibility for a new kind of democracy allowing different groups to form a multitude with the power to forge a democratic alternative to the present world order Exhilarating in its optimism and depth of insight *Multitude* consolidates Hardt and Negri's stature as two of the most important political philosophers at work in the world today **Multitude** Hardt Michael, Negri Antonio, 2009 *Autonomy* David Eden, 2016-04-08 *Autonomy* Capital Class and Politics explores and critiques one of the most dynamic terrains of political theory sometimes referred to as Autonomist Marxism or post Operaismo This theory shot to prominence with the publication of *Empire* by Hardt and Negri and has been associated with cutting edge developments in political and cultural practice yet there exists no work that critically examines it in its contemporary breadth Taking three divergent manifestations of Autonomist Marxism found in the works of Antonio Negri and Paulo Virno the Midnight Notes Collective and John Holloway David Eden examines how each approach questions the nature of class and contemporary capitalism and how they extrapolate politics Not only is such juxtaposition both fruitful and unprecedented but Eden then constructs critiques of each approach and draws out deeper common concerns Suggesting a novel rethinking of emancipatory praxis this book provides a much needed insight into the current tensions and clashes within society and politics **Global Theory from Kant to Hardt and Negri** G. Browning, 2011-07-26 Global theory represents an influential and popular means of understanding contemporary social and political phenomena Human identity and social responsibilities are considered in a global context and in the light of a global human condition A global perspective is assumed to be new and to supersede preceding social theory However if contemporary global theory is influential its identity assumptions and novelty are controversial *Global Theory from Kant to Hardt and Negri* scrutinises global theory by examining how contemporary global theorists simultaneously draw upon and critique preceding modern theories It rethinks contemporary global ideas by relating them to the social thought of Kant Hegel and Marx and in so doing highlights divergent ambiguous aspects of contemporary global theories as well as the continuing impact of the ideas of Kant Hegel and Marx **Problems of Democracy: Probing the Boundaries**, 2020-05-06 The present volume which collects some of the papers read at the First Global Conference on Problems of Democracy that the Inter Disciplinary Network organised in April May 2010 in Prague attempts to contribute to this debate by addressing some of the most pressing issues about democracy today *Turkey's Proxy War* Noor Dahri, 2021-05-31 Turkey is committing crimes against humanity across a region spanning Asia the Middle East and Africa This book is the first to explain the machinations that the country's leader Recep

Tayyip Erdogan has put in motion in his rise to power from leading the Muslim Brotherhood's Istanbul branch to President. The atrocities being committed are ongoing and continue against a backdrop of global condemnations of the dismal security situation and violence that exists within areas controlled by Turkish forces. The book highlights the long simmering conflict between Turkey and its Kurdish minority which has spread further afield and resulted in the targeting of the Kurdistan Workers Party in Iraq even as popular discontent grows against the Erdogan regime at home and abroad. Erdogan's murky political and military strategic agenda is further exacerbated by Turkey's fomentation of ISIS and deployment of the terrorist group's militants. This book describes how Turkish intelligence operatives smuggled ISIS militias into Libya and Azerbaijan who then carried out heinous war crimes with the intent to destabilize the region. Moreover, the desperate situation of Syrian refugees has been exploited by the Turkish administration which has hijacked their plight in a cynical manoeuvre to exert political pressure on Europe while also routing refugees into Kurdish territory dubbing it a safe zone. The Muslim world does not know enough about Erdogan's dangerous authoritarian leadership and its grave consequences. This book aims to change that by revealing the continuity between Pan Islamism, Turkish Islamisation and Erdogan's proxy militias and how those interrelationships have led to war crimes against Kurdish people in Iraq and Syria. *Theory and Praxis* Murzban Jal, Jyoti Bawane, 2020-01-15. This book proposes a New Enlightenment, a new way of looking at the non-Western world. Breaking new ground, the essays chart a course beyond Eurocentric discourses which completely ignore the contributions of Asia, Africa and Latin America and forms of nativism which are usually ethnocentric discourses. The volume focuses on the historical aspects of knowledge production and its colonization. Examines the genre of multilinear histories that displaces hegemonic Eurocentric discourses. Enlarges the scope of multilinear historicism whereby Asia, Europe, Africa and the Americas are drawn in a new humanistic knowledge system. Studies how colonization is resisted in both the non-Western and Western world. Lucid and engaging, this book will be of great interest to scholars and researchers of social theory, education, politics and public policy. *Kritiek van het Spektakel* Kati Röttger, 2008-08-11. In zijn beroemde rede over het toneel als morele instelling verdedigde Friedrich Schiller in 1784 het theater als kunst van de kritiek op de samenleving. Maar wat gebeurt er als die samenleving zelf 'n groot spektakel is zoals Guy Debord in 1967 al beweerde. Zijn scherpe diagnose blijkt steeds meer van toepassing te zijn want in onze mediamaatschappij met zijn politieke drama's en reality shows zijn de grenzen tussen feit en fictie vaak nauwelijks meer te onderscheiden. Kati Röttger plaatst dit fenomeen in een historisch perspectief en laat zien hoe het spektakel al sinds de negentiende eeuw als symptoom van crisis 'n als kritiek op de moderne samenleving gezien kan worden. IJkpunten in haar betoog zijn twee opzienbarende maar ver uit elkaar liggende spektakelstukken. De schipbreuk van de Medusa dat in het jaar 1840 in Den Haag de hoogste kijkcijfers haalde en Platform dat Johan Simons in 2006 maakte voor theatergroep NTGent. *The Cosmopolitan Ideal* Michael Scrivener, 2015-10-06. Examines the new internationalism which emerged in Europe during the Enlightenment. This is the study of cosmopolitanism which takes into account feminist and post

colonial critiques of the Enlightenment It also offers cosmopolitanism as a solution to contemporary struggles to reach a post national political identity *Eco-Politics and Global Climate Change* Sachchidanand Tripathi,Rahul Bhadouria,Rishikesh Singh,Pratap Srivastava,Rajkumari Sanayaima Devi,2024-01-01 This book provides an in depth insight into the ecological perspective on a number of ongoing issues pertaining to security the economy the state global environmental governance development and the environment The chapters critically compare and analyze the role of global eco politics in understanding and sorting out issues linked with climate change Furthermore it presents a contemporary and accessible description of why we need to embrace eco politics in order to address the various ecological challenges that we face in the current changing climate scenario
