Animal Voices Dawn Baumann Brunke, 2002-05-01 Animals ranging from mosquitoes to elephants use their own words to guide humanity to a deeper spiritual awakening Contains interviews with 25 professional animal communicators and over 100 different animals and animal spirits Provides a thrilling glimpse of the

possibilities of direct animal human dialogue According to Echo an Arabian mare Humans are beings of love who have forgotten what love is and who they are Along with a host of other animal communicators Dawn Baumann Brunke gives animals like Echo a voice a direct line of communication to the human mind Through Animal Voices the animal kingdom delivers a message about deepening our spirituality and reconnecting with the web of life Our earliest ancestors had an ongoing shamanic dialogue with the animal kingdom but this ability has been lost to most in the modern world Brunke provides the techniques to reopen these connections reminding us that when we are open to communication with animals we are open to deeper layers of ourselves The main contributors to this book are actual animals who reveal themselves to be sentient beings with their own thoughts emotions and spiritual reasons for being on the planet How Brunke overcame her initial skepticism and learned to hear their voices is a fascinating story Throughout Animal Voices the author integrates her own reflections with those of the animals she interviews The result is something that will delight animal lovers and force skeptics to reconsider their ideas about the nature of animal consciousness and the possibility of telepathic human animal communication

Awakening to the Spirit Within: Eight Paths Pamela Smith Allen, PhD, 2003-09-12 The premise of Awakening to the Spirit Within is that all beings are connected by a spiritual energy which forms the essence of who they truly are Eight paths which facilitate an awakening to this essence are explored Native American Spirituality Taoism Hinduism Buddhism Kabbalah Jesus and the Christ Within Sufism and The New Thought Movement Practice exercises and references are also included This book highlights some of the unique gifts which various spiritual traditions have to offer our world In addition it explores the mystical threads of connection which underlie them Like the title suggests

it also gives ways of listening to guidance from within The author includes messages from her own inner guidance in an effort to illustrate how this may occur Her openness provides more warmth and intimacy than is usually found in such a book In these uncertain times there has been an upsurge of interest in books related to spirituality religion and mysticism People are looking for ways to heal rather than destroy our planet That is why this book and others like it are so timely and important in moving us closer to our shared goal of creating a more peaceful and harmonious world **mens-en-wereld** Steven

Vlaeyen,2025-04-13 Freud en Lacan laten ons de functionele structuur van de menselijke geest zien als een heel logisch en begrijpelijk mechanisme dat zijn functies en dysfuncties kent Vanuit deze observatie stellen we ons de vraag naar de wereld die de mens vanuit dit beginsel schept en hoe deze wereld zieker of gezonder kan zijn of worden We bespreken tal van onderwerpen met name psychose de verhouding tussen de geslachten meditatie en sjamanisme de maatschappij dus en psychotherapie ook voor deze laatste en meer thema s zoals de wetenschap en zelfs de vraag naar aliens Daarbij introduceren we ons model van het medicijnwiel waarin we zowel de evolutie als revolutie van de menselijke geest als die van zijn samenleving kunnen schetsen en begrijpen Al met al een bonte collectie van onderwerpen die steeds rond eenzelfde vraag cirkelen die van ziekte of gezondheid onvrede of geluk zoals we deze kunnen benaderen vanuit de psychoanalyse
