Queer Judgments Queer Judgments:

Queer Judgments Nuno Ferreira, Maria Federica Moscati, Senthoran Sunil Raj, 2024-09 **Queer Judgments** Bruce MacDougall, 2000-01-01 MacDougall sifts through hundreds of reported and unreported cases of the past four decades in order to uncover the subjective assumptions and biases operating in Canadian courts *Research Handbook on Judging and the Judiciary* Sophie Turenne, Mohamed Moussa, 2025-10-07 In this timely Research Handbook leading legal and socio legal scholars join forces with political scientists to discuss court adjudication in common and civil law systems It includes studies of topical problems and debates in judicial studies and examines the institutional framework within which judges operate

The Migration Conference 2024 Abstracts The Migration Conference Team, 2024-06-27 The Migration Conference 2024 Abstracts for 5 days full of research debates and discussions on migration and all relevant topics and areas from Iberoamericana Universidad in Mexico City The Politics of Judgment Kennan Ferguson, 2007-02-01 Drawing on recent contributions to philosophy economics cultural studies feminism psychology and anthropology The Politics of Judgment demonstrates how modern political identities depend upon and are formed by aesthetic judgment **Queer Philosophy** Raja Halwani, Carol Viola Anne Quinn, Andy Wible, 2012 The book is a collection of the presentations of the Society for Lesbian and Gay Philosophy from 1998 to 2008 The essays are organized historically starting in 1998 Their topics cover virtually every philosophical field and such that each is connected to gay and lesbian studies Topics include how we are to understand sexual orientation whether same sex leads to polygamy teaching gay studies to undergraduates promiscuity and virtue the war on terror and gay oppression the rationality of coming out the ethics of outing connections between being gay and being happy and last but not least dignity and being gay **Gender, Sexuality and Law** Chris Ashford, Alexander Maine, 2024-10-03 This textbook combines pioneering feminist and queer judgments and statutes with critical and intersectional theories to provide a comprehensive overview of the field of gender sexuality and law A diverse range of socio legal experts set out the theoretical and legal foundations of the topic before examining the ongoing struggle for rights and contemporary dissenting voices Gay Male Pornography Christopher N. Kendall, 2004 The 2000 case of Little Sisters Book and Art Emporium v Customs Canada provided Canada's highest court with its first opportunity to consider whether the analysis set out in R v Butler in which the Supreme Court identified pornography as an issue of sex discrimination applies to pornography intended for a lesbian or gay male audience The Court held that it did finding that like heterosexual pornography same sex pornography also violates the sex equality interests of all Canadians Christopher Kendall supports this finding arguing that gay male pornography reinforces those social attitudes that create systemic inequality on the basis of sex and sexual orientation misogyny and homophobia alike by sexually conditioning gay men to those attitudes and practices The author contends that as a result of litigation efforts like those brought by lesbian and gay activists in the Little Sisters case the notion of empowerment and the rejection of those values that daily result in all that is anti gay have been replaced

with a misguided community ethic and identity politic that encourages inequality This is best exemplified in the gay male pornography defended in Little Sisters as liberation and central to sexual freedom Gay Male Pornography rejects the equality claims of gay male pro pornography advocates and argues that there is little to be gained from sexualized conformity To date no one has taken the position that gay male pornography violates the legal right to sex equality This book does that and as such it will be of value to scholars of law sociology and gender studies as well as to all who have an interest in equality and justice

The Grounds of Ethical Judgement Christian Illies, 2003 Transcendental arguments have gained a lot of attention over the past twenty years mainly in the field of theoretical reason Yet few scholars have looked at their relevance to practical reason Christian Illies argues that although this methodological avenue is not yet well paved transcendental arguments have great potential in ethics as they promise rational justification of normative judgements There are two main types of transcendental argument that have been developed for this purpose in recent years One is based on an analysis of the implications of agency mainly by Alan Gewirth the other on an analysis of reason as a discursive process with normative presuppositions Karl Otto Apel and other continental philosophers but also Onora O'Neill Illies finds that these arguments have severe limitations and argues that practical reason should involve a different analysis judgement formation must be analysed as a form of agency Once this starting point is secured by showing that it cannot rationally be denied then two things can be transcendently inferred first that there exists a categorical demand upon agents to arrive at true judgements and second that we must respect freedom of agency in general Here our ordinary notions of right and wrong find secure ground Compelling and original The Grounds of Ethical Judgement offers ample evidence that transcendental arguments may provide long sought foundations for morality

Queering the Tarot Cassandra Snow, 2019-05-01 Tarot is best used as a tool for self discovery healing growth empowerment and liberation Tarot archetypes provide the reader with a window into present circumstances and future potential But what if that window only opened up on a world that was white European and heterosexual The interpretations of the tarot that have been passed down through tradition presuppose a commonality and normalcy among humanity At the root of card meanings are archetypes that we accept without questioning But at what point do archetypes become stereotypes Humanity is diverse culturally spiritually sexually Tarot has the power to serve a greater population with the right keys to unlock the tarot's deeper meanings In Queering the Tarot Cassandra Snow deconstructs the meanings of the 78 cards explaining the ways in which each card might be interpreted against the norm Queering the Tarot explores themes of sexuality coming out gender and gender queering sources of oppression and empowerment and many other topics especially familiar to not straight folks Cassandra's identity based approach speaks directly to those whose identity is either up in the air or consuming the forefront of their consciousness It also speaks to those struggling with mental illness or the effects of trauma all seekers looking for personal affirmation that who they are is okay
