Queer Theology Rethinking The Western Body:

Queer Theology Gerard Loughlin, 2009-02-04 Queer Theology makes an important contribution to public debate about Christianity and sex A remarkable collection of specially commissioned essays by some of the brightest and best of Anglo American scholars Edited by one of the leading theologians working at the interface between religion and contemporary culture Reconceptualizes the body and its desires Enlarges the meaningfulness of Christian sexuality for the good of the Church Proposes that bodies are the mobile products of changing discourses and regimes of power Controversies in Queer Theology Susannah Cornwall, 2011 An introduction to one of the most challenging areas of contextual theology Queer theology is a significant new development and central to much current teaching and thinking about gender sexuality and the body *Queer Christianities* Kathleen T. Talvacchia, 2015 Queerness and Christianity often depicted as mutually exclusive both challenge received notions of the good and the natural Nowhere is this challenge more visible than in the identities faiths and communities that queer Christians have long been creating As Christians they have staked a claim for a Christianity that is true to their self understandings How do queer identified persons understand their religious lives And in what ways do the lived experiences of queer Christians respond to traditions and reshape them in contemporary practice Queer Christianities integrates the perspectives of queer theory religious studies and Christian theology into a lively conversation both transgressive and traditional about the fundamental questions surrounding the lives of queer Christians The volume contributes to the emerging scholarly discussion on queer religious experiences as lived both within communities of Christian confession as well as outside of these established communities Organized around traditional Christian states of life celibacy matrimony and what is here provocatively conceptualized as promiscuity this work reflects the ways in which queer Christians continually reconstruct and multiply the forms these states of life take Queer Christianities challenges received ideas about sexuality and religion yet remains true to Christian self understandings that are open to further enquiry and to further queerness Rainbow Theology Patrick S. Cheng, 2013-04 To date no book has systematically examined the theological writings of LGBT people of color Nor has any book explored how such writings might actually transform contemporary theological reflections on race and sexuality This book remedies these gaps by constructing a rainbow theology around the theme of bridging or mediation Rainbow Theology is the first book to reflect upon the theological significance of the intersections of race and queer sexuality across multiple ethnic and cultural groups This is particularly important in light of the current polarizing debates over issues of race sexuality and religion within churches and communities of faith around the world The Oxford Handbook of Theology, Sexuality, and Gender Adrian Thatcher, 2015 The Oxford Handbook of Theology Sexuality and Gender presents an unrivalled overview of the theological study of sexuality and gender These topics are not merely contentious and pervasive they have escalated in importance within theology Theologians increasingly agree that even the very doctrine of God cannot be contemplated without a prior grappling with

each Featuring 41 newly commissioned essays written by some of the foremost scholars in the discipline this authoritative collection presents and develops the latest thinking in these areas Divided into eight thematic sections the Handbook explores methodological approaches contributions from neighbouring disciplines sexuality and gender in the Bible and in the Christian tradition controversies within the churches and within four of the non Christian faiths and key concepts and issues The final extended section considers theology in relation to married people and families gay and lesbian people bisexual people intersex and transgender people disabled people and to friends This volume is an essential reference for students and scholars which will also stimulate further research

The Bible and Sexual Violence Against Men Chris

Greenough,2020-10-22 At least 1 in 6 men have experienced some form of sexual violence The Bible and Sexual Violence Against Men argues that the shame and stigma around male sexual abuse are interwoven with contemporary social and cultural concepts of masculinity and are also found in the ancient world and biblical texts themselves This book is interdisciplinary and has three main areas of exploration MenToo Exploring the myths around sexual violence against men Sexual violence against men in the Hebrew Bible Reading Jesus enforced nudity at the crucifixion as sexual violence Given the enduring importance of the Bible in contemporary society this book explores the biblical texts that depict sexual violence against men It examines critical approaches from theology biblical and religious studies perspectives while also exploring insights from the fields of sociology psychology and criminology as well as referring to legal cases and legislation charity work and media focussed articles In seeking to serve a number of interested readers including those who are not familiar with the Bible short summaries of the biblical texts under discussion are given in each case

God, Sex, and Gender Adrian

Thatcher,2011-03-29 Engagingly and clearly written by a highly respected theologian God Sex and Gender is the first comprehensive introduction to a theology of both sexuality and gender available in a single volume Makes a theological contribution to understanding the unprecedented changes in sexual and gender relationships of the last fifty years Discusses many topics including sexual difference sexual equality gender and power the nature of desire the future of marriage in Christian sexual ethics homosexuality and same sex unions the problems of sexual minorities contraception in a time of HIV AIDS the separation of sexual experience from marriage and offers new arguments for marriage and for chastity Offers a consistent and engaging introduction at the cutting edge of theological inquiry which is contemporary undogmatic questioning and relevant to readers experience interests and needs Written lucidly and engagingly by an established and respected academic who has published widely in this area

Exploring Lost Dimensions in Christian Mysticism Louise

Nelstrop,Simon D. Podmore,2016-04-15 Mystical theology has developed through a range of meanings from the hidden dimensions of divine significance in the community's interpretation of its scriptures to the much later science of the soul's ascent into communion with God The thinkers and questions addressed in this book draws us into the heart of a complicated beautiful and often tantalisingly unfinished conversation continuing over centuries and often brushing allusively into parallel

concerns in other religions Raising fundamental matters of epistemology representation metaphysics and divine reality contributors approach the mystical from postmodern feminist sociological and historical perspectives through thinkers such as Meister Eckhart Thomas Aquinas Catherine of Siena Ignatius of Loyola William James Evelyn Underhill Ernst Troeltsch Rudolf Otto Jacques Derrida Jean Luc Marion and Jean Louis Chr tien Medieval and early modern radical prophetic approaches are also explored This book includes new essays by Sarah Apetrei Tina Beattie Raphael Cadenhead Oliver Davies Philip Endean Brian FitzGerald Ann Loades George Pattison Simon D Podmore Joel D S Rasmussen and Johannes Zachhuber

Queering the Church Penelope Cowell Doe, 2024-05-31 Church dialogues including official reports and debates within the General Synod operate under the premise that canonical authority can shape a viable theology and coherent ecclesiastical and liturgical practices In a groundbreaking departure from conventional methodologies *Queering the Church* offers a rigorous examination of the hermeneutical frameworks that inform discussions on homosexuality within ecclesiastical governance Drawing inspiration from Halberstam s concept of the queer art of failure Doe advocates for a fundamental shift a move away from entrenched institutionalized debates toward a more inclusive deconstructive discourse Rather than perpetuating cycles of authoritative rhetoric Doe proposes a transformative realignment one that challenges traditional power dynamics and fosters a more equitable theological dialogue Provocative and timely this book promises to illuminate new avenues toward a nuanced comprehension of church discourse **Un/familiar Theology** Susannah

Cornwall, 2017-06-15 Through engagement with theologies of adoption pro natalism marriage and queer theology Susannah Cornwall figures developments in models of marriage and family not as distortions of or divergences from the divinely ordained blueprint but as developments already of a piece with these institutions being Much Christian theological discussion of family sex and marriage seems to claim that they are or should be unchanging and immaculate that to celebrate their shifting and developing natures is to reject them as good gifts of God However models of marriage family parenting and reproduction have changed and are still in some cases radically changing These changes are not all a raging tide to be turned back but in continuity with goods deeply embedded in the tradition Alternative forms of marriage and family stand as signs of the hope of the possibility of change Changed institutions such as same sex marriage are new beginnings with the potential to be fruitful and generative in their own right In them humans create new imaginaries which more fully acknowledge the interactive nature of our relationships with the world and the divine

Adopting the Tune of Appearance: An Emotional Symphony within **Queer Theology Rethinking The Western Body**

In a world taken by screens and the ceaseless chatter of fast connection, the melodic elegance and emotional symphony created by the prepared word often disappear into the back ground, eclipsed by the constant noise and distractions that permeate our lives. Nevertheless, located within the pages of **Queer Theology Rethinking The Western Body** a charming fictional value full of raw thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, that charming masterpiece conducts viewers on a mental trip, skillfully unraveling the hidden melodies and profound affect resonating within each cautiously crafted phrase. Within the depths with this poignant assessment, we can examine the book is central harmonies, analyze its enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
