Quick Start Guide Maple 13:

Experiments In Mathematics Using Maple Christopher T.J. Dodson, Elizabeth A. Gonzalez, 2012-12-06 We believe that to understand and be comfortable with mathematical concepts and methods it is necessary to do mathematics and traditionally doing meant with a pencil and paper Now a modest home computer can provide a platform for a computer algebra package like Maple which can perform all of the operations encountered in secondary school mathematics and beyond and provide graphical representations of functions including animations The capability of rendering accurate graphics for mathematical functions greatly enhances the learning experience and helps intuition work in new situations before beginning to do the algebra and calculus needed to solve a problem For example if you can see that a function has a clear minimum from its graph then you are more likely to be able to identify its location precisely by analysis This book is designed to support the interactive Maple worksheets that we have developed for the two senior secondary school years and made available via the Internet at the anonymous ftp site ftp.utoronto.ca/pub/ednet/maths/maple This takes you from basic algebra functions and sequences to calculus and its applications Thus the book is a hardcopy version of the worksheets with additional explanatory text cross referencing appendices containing worked solutions to all exercises and indexing
