Griffiths, 2015-11-13 This book provides a timely synthesis and discussion of recent developments in mindfulness research and practice within mental health and addiction domains The book also discusses other Buddhist derived interventions such

as loving kindness meditation and compassion meditation that are gaining momentum in clinical settings It will be an essential text for researchers and mental health practitioners wishing to keep up to date with developments in mindfulness clinical research as well as any professionals wishing to equip themselves with the necessary theoretical and practical tools to effectively utilize mindfulness in mental health and addiction settings *My City Links: December 2023 Issue* My City Links,2023-12-01 The simple wedding ceremonies of yore have given way to events that are as mind boggling in their choice of themes as they are extravagant when it comes to the costs involved And this begs the question is it really necessary to go so over the top often at the expense of traditions and at the risk of incurring wastage Our Cover Story for this edition takes a long hard look at this trend and tries to come up with some answers For long decades football struggled to find a place in the minds of India s sports lovers overshadowed as it was by the more glamorous and mass appeal generating game of cricket This has changed albeit slowly in recent years with a new breed of footballers led by the iconic Sunil Chhetri trying to power Indian football to new heights In City Sports we take a look at some key factors responsible for this transformation including the institutional support that is being provided by the government of Odisha Winters in Odisha may not be as extreme as in some of India s northern states but the season still brings with it its share of skin problems In a special feature in City Health we talk to experts to bring you some practical skincare tips to deal with this weather Amid a long list of negatives and controversies it is refreshing to see winds of positive change weep through the Odia entertainment industry guided by some immensely talented artists from different disciplines One such individual is Lipika Singh Darai who was among the 10 chosen for the British Academy of Film and Television Arts BAFTA Breakthrough India Read more about Lipika and the BAFTA initiative in Screen Shots A recent musical collaboration between Odia and Assamese artists not only set foottapping but also turned the spotlight firmly on singer Achurjya Borpatra In Screen Shots he tells us how the project took shape he also shares his joy at how the song has touched so many hearts in both states The section also features the latest series of Savdhaan India a TV show based on real life crime stories which is being shot in Odisha with cast and crew from the state Arjya Patnaik who is spearheading this initiative talks to us about what inspired her to bring the shoot to Odisha *Mindfulness, Mind-body Exercises, and Health Promotion* Guodong Zhang, Yang Cao, Zi Yan,2025-02-14 High intensity sports and physical exercise have been linked to various health benefits However when it comes to increasing longevity these activities may not be an ideal option for the general population Mind body exercise which combines physical exercise with mindfulness may be more effective in promoting and restoring health especially for those with chronic symptoms or poor health conditions Many mind body exercises such as Taichi Qigong Chan Chuang and Yoga have their roots in Eastern cultures They have gained popularity around the world and became a new fashion in the post COVID 19 era These exercises typically help practitioners shift their focus from the outside world past or future to the present moment through gentle body movements Mind body exercises emphasize the body s innate ability to heal itself By disconnecting from the noisy outside world the body is given

the opportunity to heal This aligns with the classic belief in Chinese medicine that the body itself is the best medicine
