Medieval History Norman F. Cantor, 1969 Medieval History Norman Frank Cantor, 1976 *Medieval history; the life & death of a civilization. 2nd ed* Norman F. Cantor, 1969 Medieval History. The Life and Death of a Civilization. Second Edition Norman Frank CANTOR, 1969 *Handbook of Medieval Studies* Albrecht Classen, 2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together **Medieval history** Norman F. Cantor, 1963 The life and death of a civilization *The Civilization of the Middle Ages* Norman F. Cantor, 1993 General history of the Middle Ages focusing on medieval culture and religion **A History of the Middle East** Saul S. Friedman, 2014-01-10 As the birthplace of three principal religions the Middle East is holy to 15 million Jews 2 billion Christians and 1 billion Muslims As the cradle of western civilization it is fundamental to world history the place where humans transformed themselves from nomadic hunters to settled farmers capable of building great cities and societies This detailed history covers the Middle East from its ancient beginnings to the present The confluence of events that produced civilized society is fully discussed along with the establishment of Judaism Christianity and Islam The emergence and decline of the Byzantine and Ottoman empires which laid much of the framework for the region to move into the modern era is covered in depth Analysis of the area in recent decades focuses on World War I and II and the regional conflicts that inflame the Middle East of the 21st century Instructors considering this book for use in a course may request an examination copy here **Crusaders and Crusading in the Twelfth Century** Giles Constable, 2008 This volume brings together revised and up dated versions of Giles Constable s classic essays on crusading in the 12th century along with two major new studies on the cross of the crusaders and the Fourth Crusade and two excursuses on the terminology of crusading and the numbering of the crusades Together they show the range and depth of the crusading movement at that time and its influence on the broader history of the period **Death and Burial in Medieval England 1066-1550** Christopher Daniell, 2005-06-20 Death had an important and pervasive presence in the middle ages It was a theme in medieval public life finding expression both in literature and art The beliefs and procedures accompanying death were both complex and fascinating Christopher Daniell s approach to this subject is

unusual in bringing together knowledge accumulated from historical archaeological and literary sources The book includes the very latest research both of the author and of others working in this area The result is a comprehensive and vivid picture of the entire phenomenon of medieval death and burial
