Qualitative Discourse Analysis In The Social Sciences:

Qualitative Discourse Analysis in the Social Sciences Ruth Wodak, Michal Krzyzanowski, 2017-09-16 What can language tell us about society Looking at a range of genres from political speeches to internet chat this book shows how qualitative methods are used to analyse discourses throughout the social sciences The practical problems of designing and conducting discourse based research are solved in this key resource for all social scientists Undertaking Discourse Analysis for Social Research Kevin C. Dunn, Iver B. Neumann, 2016-03-03 Kevin C Dunn and Iver B Neumann offer a concise accessible introduction to discourse analysis in the social sciences A vital resource for students and scholars alike Undertaking Discourse Analysis for Social Research combines a theoretical and conceptual review with a how to guide for using the method In the first part of the book the authors discuss the development of discourse analysis as a research method and identify the main theoretical elements and epistemological assumptions that have led to its emergence as one of the primary qualitative methods of analysis in contemporary scholarship Then drawing from a wide range of examples of social science scholarship Dunn and Neumann provide an indispensable guide to the variety of ways discourse analysis has been used They delve into what is gained by using this approach and demonstrate how one actually applies it They cover such important issues as research prerequisites how one conceives of a research question what counts as evidence how one reads the data and some common obstacles and pitfalls The result is a clear and accessible manual for successfully implementing discourse analysis in social research **Analyzing Talk in the Social Sciences** Katherine Bischoff, Amber Gazso, 2015-11-10 Talk is one of the main resources available to qualitative researchers It offers rich meaningful data that can provide real insights and new perspectives But once you have the data how do you select an appropriate means of analysis How do you ensure that the approach you adopt is the best for your project and your data The book will help you choose strategies for qualitative analysis that best suit your research It walks you through key decisions provides actionable game plans and highlights the advantages and challenges of the main approaches It is packed full of real examples designed to showcase the different tools you might use to meet your own objectives Each section of the book focuses on one popular strategy for analyzing talk based data Narrative Analysis Conversation Analysis Discourse Analysis Taken together these sections will help you to fine tune the link between your primary research question and your methods to ensure that your theoretical stance fits with your methods and to reason through your analysis in a way that will be recognizable to the intellectual communities of narrative conversation or discourse analysts This book is both starting point and map for any social scientist looking to strategically and purposefully analyse talk data **Qualitative Research for the Social Sciences** Marilyn Lichtman, 2013-09-11 Focusing on the integral role of the researcher Qualitative Research for the Social Sciences uses a conversational writing style that draws readers into the excitement of the research process Marilyn Lichtman offers a balanced and nuanced approach covering the full range of qualitative methodologies and viewpoints about the field

including coverage of social media as a tool to facilitate research or as a venue for study After presenting theoretical concepts and a historical overview Lichtman guides readers step by step through the research process addressing issues of analyzing data presenting completed research and evaluating research Real world examples from across the social sciences provide both practical and theoretical information helping readers understand abstract ideas and apply them to their own research

Text Mining for Qualitative Data Analysis in the Social Sciences Gregor Wiedemann, 2016-08-23 Gregor Wiedemann evaluates text mining applications for social science studies with respect to conceptual integration of consciously selected methods systematic optimization of algorithms and workflows and methodological reflections relating to empirical research In an exemplary study he introduces workflows to analyze a corpus of around 600 000 newspaper articles on the subject of democratic demarcation in Germany He provides a valuable resource for innovative measures to social scientists and computer scientists in the field of applied natural language processing

EU Foreign Policy through the Lens of Discourse Analysis Caterina Carta, Jean-Frederic Morin, 2016-04-22 Leading scholars in discourse analysis and European foreign policy join forces in this book marking a real breakthrough in the literature Not only do they offer original perspectives on European foreign policy but they bring together various theories on foreign policy discourses that remain too often isolated from each other This theoretical diversity is clearly reflected in the book's four pronged structure Part I Post structuralist Approaches with contributions from Thomas Diez Henrik Larsen and Beste Isleyen Part II Constructivist Approaches with contributions from Knud Erik Jørgensen Jan Orbie Ferdi de Ville Esther Barb Anna Herranz Surrall's and Michal Naturski Part III Critical Discourse Analytical Approaches with contributions from Senem Aydin Döğit Amelie Kutter Ruth Wodak Salomi Boukala and Caterina Carta Part IV Discursive Institutional Approaches with contributions from Ben Rosamond Antoine Rayroux and Vivien A Schmidt The volume is the first full length study on how to apply different discourse analytical approaches and methodologies to European foreign policy The paperback edition makes for a unique selling point as a course text
