Qualitative Research Methods

Joseph A. Maxwell

Qualitative Research Methods:

Qualitative Research Methods Monique Hennink, Inge Hutter, Ajay Bailey, 2010-11-30 Lecturers click here to request an e inspection copy of this text *Qualitative Research Methods* is based on the authors highly successful multidisciplinary qualitative methods workshops which have been conducted for over a decade In this book the authors propose a qualitative research cycle that leads students through the selection of appropriate methods the collection of data and the transformation of findings into a finished project It provides a clear explanation of the nature of qualitative research and its key concepts Topics covered include o formulating qualitative research questions o ethical issues o in depth interviews o focus group discussions o observation o coding o data analysis o writing up qualitative research This text is ideal for any students taking a qualitative methods course or producing a qualitative research project at undergraduate or graduate level It is illustrated throughout with case studies and field examples from a range of international contexts The practical techniques are also accompanied by the author s own research tools including interview guides real coded data and comprehensive research checklists

Qualitative Research Methods for Community Development Robert Mark Silverman, Kelly L. Patterson, 2014-11-20 *Qualitative Research Methods for Community Development* teaches the basic skills tools and methods of qualitative research with special attention to the needs of community practitioners This book teaches students entering planning community development nonprofit management social work and similar applied fields the core skills necessary to conduct systematic research designed to empower communities and promote social change Focusing on the basic elements of qualitative research like field observation interviewing focus groups and content analysis *Qualitative Research Methods for Community Development* provides an overview of core methods and theoretical underpinnings of successful research The book provides examples from past research used in transformative community projects across multiple disciplines From housing community organizing neighborhood planning and urban revitalization this book gives students the skills they need to undertake their own projects and provides professionals a valuable reference for their future research The book serves as a primary text for courses in applied qualitative research and as a reference book for professionals and community based researchers In addition to content detailing core methods used in qualitative research it includes a chapter which provides guidance for the dissemination of qualitative results to a spectrum of audiences applying qualitative methods to action research and community empowerment

Qualitative Research Design: An Interactive Approach Joseph A. Maxwell, 2013 The Third Edition presents an approach to qualitative research design that both captures what researchers really do and provides step by step support and guidance for those embarking for the first time on designing a qualitative study

Introduction to Qualitative Research Methods Steven J. Taylor, Robert Bogdan, 1984 This is a book on how to conduct qualitative research and should provide those unfamiliar with qualitative methods with an adequate introduction an overview of the range of different approaches and guidance on how to conduct a study

Introduction to Qualitative

Research Methods Steven J. Taylor, Robert Bogdan, Marjorie L. DeVault, 2015-09-03 An informative real world guide to studying the why of human behavior Introduction to Qualitative Research Methods is a practical comprehensive guide to the collection and presentation of qualitative data Unique in the market this book describes the entire research process from design through writing illustrated by examples of real complete qualitative work that clearly demonstrates how methods are used in actual practice This updated fourth edition includes all new case studies with additional coverage of mixed methods non sociological settings funding and a sample interview guide The studies profiled are accompanied by observation field notes and the text includes additional readings for both students and instructors More than just theory this guide is designed to give you a real world practitioner s view of how qualitative research is handled every step of the way Many different disciplines rely on qualitative research as a method of inquiry to gain an in depth understanding of human behavior and the governing forces behind it Qualitative research asks why and how and the data is frequently complex and difficult to measure This book shows you how to effectively handle qualitative work regardless of where it s being applied Understand the strengths and limitations of qualitative data Learn how experts work around common methodological issues Compare actual field notes to the qualitative studies they generated Examine the full range of qualitative methods throughout the research process Whether you re studying sociology psychology marketing or any number of other fields especially in the social and behavioral sciences human behavior is the central concern of your work So what drives human behavior That s what qualitative research helps to explain Introduction to Qualitative Research Methods gives you the foundation you need to begin seeking answers

Qualitative Research Methods Laura Maruster, 2013-01-07 Qualitative research is employed more and more often by business researchers and practitioners alike Part of its success is due to the fact that qualitative research seems to demand less effort and skill than quantitative research However because of the multitude of possibilities and choices that need to be made performing a qualitative research project is not as at first glance it seems to be an easy endeavor This custom book intends to provide participants in the Qualitative Research Methods course with the basic handles to steer their first qualitative research project journey The road to success in this project is made up by a trajectory of methodological procedures choosing the appropriate qualitative research techniques performing a systematic collection and analysis of qualitative data and a constant comparison of and critical reflection on the findings

Introduction to Qualitative Research Methods in Psychology Dennis Howitt, 2019-02-27 Now in its 4th Edition Introduction to Qualitative Research Methods in Psychology by Dennis Howitt provides a comprehensive practical and up to date coverage of the area With a clear and straightforward style the book introduces qualitative research from data collection to analysis Examples of real research and practical guidance for each methodological approach are included throughout to equip the reader with an understanding of the process and the skills to be able to carry out their own research There are also dedicated sections on ethics quality and report writing All of this is achieved while providing a thorough theoretical and historical context for the
