Question Of Truth Question Of Truth:

The Question of Theological Truth, 2012-01-01 In today's world the boundaries within which Christian theologians operate are becoming ever more permeable and Christian theology is increasingly influenced and challenged by multiple outside factors. In Western Europe two such factors stand out in particular: the so-called turn to religion in continental philosophy and religious diversity. Theologians working with contemporary continental philosophers and theologians engaging the multireligious world tend to work quite separately from one another. The aim of the present book is therefore to initiate a conversation between these two groups of theologians. The question of truth was chosen because it is both a key issue in contemporary philosophical debates in the continental and analytic traditions and one that arises in complex and problematic ways in the praxis of and theoretical reflection on interreligious dialogue. Some of the pressing questions that are addressed by the contributors to this volume are: What is truth? What is theological truth? How does the issue of truth arise from interreligious encounter? To what extent can or should the nature of truth be discussed explicitly during interreligious dialogue? Or should the question of truth be rather postponed in the interest of successful interreligious encounter? Is there a hermeneutical concept of truth and if so how can it be of help for theological reflection on the question of truth and on the role and place of truth in the context of dialogue between religions?

Church Myths or Biblical Truth: Questions to Ponder Rejeaner Joy, 2019-02-08 As believers we know we are to study the Bible, memorize it and obey it. But does the Bible say what we think it says? There are many phrases that sound like they come from the Bible but are they right? Are they scriptural? Are they part of God's plan for His church? Or are they culturally induced beliefs and practices that have been developed out of traditions of men and are contrary to God's expressed directions? The writer invites you to examine a little closer your beliefs as we examine some familiar statements of questions to determine if they are church myths or biblical truths. The purpose of this book is to examine some beliefs that are widespread throughout the institutional church as biblical truths: statements such as "Come as you are," "Once saved, always saved," and "Christians cannot live under a curse," and many others.

Speculative Truth Russell McCormmach, 2004-03-18 With a never before published paper by Lord Henry Cavendish as well as a biography on him, this book offers a fascinating discourse on the rise of scientific attitudes and ways of knowing. A pioneering British physicist in the late 18th and early 19th centuries, Cavendish was widely considered to be the first full-time scientist in the modern sense. Through the lens of this unique thinker and writer, this book is about the birth of modern science.

Truth and Democracy Jeremy Elkins, Andrew Norris, 2012-01-31 Political theorists Jeremy Elkins and Andrew Norris observe that American political culture is deeply ambivalent about truth. On the one hand, voices on both the left and right make confident appeals to the truth of claims about the status of the market in public life and the role of scientific evidence and argument in public life, human rights, and even religion. On the other hand, there is considerable

anxiety that such appeals threaten individualism and political plurality This anxiety Elkins and Norris contend has perhaps been greatest in the humanities and in political theory where many have responded by either rejecting or neglecting the whole topic of truth The essays in this volume question whether democratic politics requires discussion of truth and if so how truth should matter to democratic politics While individual essays approach the subject from different angles the volume as a whole suggests that the character of our politics depends in part on what kinds of truthful inquiries it promotes and how it deals with various kinds of disputes about truth The contributors to the volume including prominent political and legal theorists philosophers and intellectual historians argue that these are important political and not merely theoretical questions

The Reality of God and Historical Method Samuel V. Adams, 2015-11-09 Samuel Adams engages the classic problem of the relation between faith and history from the perspective of apocalyptic theology in critical dialogue with the work of N T Wright He argues that historical and theological scholars must take into consideration at a methodological level the reality of God that has invaded history in Jesus Christ

Does Truth Matter? Dr. Jean Maalouf, 2025-06-26 In the heart of our hearts we know that without truth nothing is worth living or dying for This is why the pursuit of truth has been still is and will ever be a widely shared project of humankind But why then do we lie almost spontaneously Why does the epidemic of cheating cover all segments of society Why are we so apathetic in the face of hypocrisy Why do we have this need to lie Why do we refuse to allow the truth to free us What does make the fact of being genuine so terrifying and spine chilling Is the claim that truth is another name for opinions that suit societal demands of a time and space true Is truth changeable or eternal To these questions and to many more Dr Maalouf masterfully proposes sharp and bold answers that our world needs especially when facing the palpable and unwelcome decline in character values and virtues the very ground of civilization The truth is that without truth a civilization cannot survive This little book takes on a gigantic topic and makes it accessible and understandable to everyone With its groundbreaking and simple words this work is of tremendous intellectual courage in raising big issues without compromises It is a great contribution for the world of truth

The Eternal Marriage Christopher Alan Anderson, 2012-09-13 It has always been somewhat of a mystery to me why so little has been written on the subject of eternal marriage not as romantic fantasy but as actual metaphysical fact It seems to me that if we actually look into our heart of hearts eternal marriage is the greatest of all ideas and realities that we can embrace I have always believed this and so this undertaking is being offered When a man and a woman come into a relationship in the spirit of eternal marriage they together are in the truth It is this truth that we shall know for it is here to be known Indeed we can now speak it and in our speaking we are set free for there is no greater solace for our souls
