Offerings at the Wall Thomas B. Allen, 1999-07 On Veterans Day 1982 a unique monument was dedicated in Wash DC with 140 black panels engraved with the names of the more than 58 000 Americans who died in Vietnam Now as much a shrine as a monument the Vietnam Wall has become a pilgrimage site a place where people leave votive offerings in a variety too wide to categorize All of them have been collected preserved cataloged by the National Park Service This volume presents a selection of the mementos left at the wall ranging from combat boots weapons to baseballs bubble gum wrappers to a family photograph taken from the body of a dead Vietnamese soldier Tangled Memories Marita Sturken, 1997-02-28 Analyzing the ways U S culture has been formed and transformed in the 80s and 90s by its response to the Vietnam War and the AIDS epidemic Marita Sturken argues that each has disrupted our conventional notions of community nation consensus and American culture She examines the relationship of camera images to the production of cultural memory the mixing of fantasy and reenactment in memory the role of trauma and survivors in creating cultural comfort and how discourses of healing can smooth over the tensions of political events Sturken s discussion encompasses a brilliant comparison of the Vietnam Veterans Memorial and the AIDS Quilt her profound reading of the Memorial as a national wailing wall one whose emphasis on the veterans and war dead has allowed the discourse of heroes sacrifice and honor to resurface at the same time that it is an implicit condemnation of war is particularly compelling The book also includes discussions of the Kennedy assassination the Persian Gulf War the Challenger explosion and the Rodney King beating While debunking the image of the United States as a culture of amnesia Sturken also shows how remembering itself is a form of forgetting and how exclusion is a vital part of memory formation *The Vietnam War in American Memory* Christian Goodwillie, Jane F. Crosthwaite, 2009 From the very beginning in the 1770s singing was an important part of the worship services of the Shakers formally known as the United Society of Believers in Christ s Second Appearing Yet until the early nineteenth century nearly all Shaker songs were wordless expressed in unknown tongues or as enthusiastic vocalizations Only when Shaker missionaries moved west into Ohio and Kentucky did they begin composing hymn texts chiefly as a means of conveying the sect s unconventional religious ideas to new converts In 1812 13 the Shakers published their first hymnal This venture titled *Millennial Praises* included the texts without music for one hundred and forty hymns and elucidated the radical and feminist theology of the Shakers neatly distilled in verse This scholarly edition of the hymnal joins the texts to original Shaker tunes for the first time One hundred and twenty six of the tunes preserved in the Society s manuscript hymnals have been transcribed from Shaker musical notation into modern standard notation thus opening this important religious and folk repertoire to modern scholars Many texts are presented with a wide range of variant tunes from Shaker communities in New England New York Ohio and Kentucky Introductory essays by volume editors Christian Goodwillie and Jane F Crosthwaite place *Millennial Praises* in the context of Shaker history and offer a thorough explication of the Society s theology They track the use of the hymnal from the

point of publication up to the present day beginning with the use of the hymns by both Shaker missionaries and anti Shaker apostates and ending with the current use of the hymns by the last remaining Shaker family at Sabbathday Lake Maine The volume includes a CD of historical recordings of six Shaker songs by Brother Ricardo Belden the last member of the Society at Hancock Shaker Village

Deleuze and Memorial Culture Adrian Parr, 2008-03-11 Deleuze and Memorial Culture is a detailed study of contemporary forms of public remembrance Adrian Parr considers the different character traumatic memory takes throughout the sphere of cultural production and argues that contemporary memorial culture has the power to put traumatic memory to work in a positive way Drawing on the conceptual apparatus of Gilles Deleuze she outlines the relevance of his thought to cultural studies and the wider phenomenon of traumatic theory and public remembrance This book offers a revision of trauma theory that presents trauma not simply as a definitive experience and implicitly negative but an experience that can foster a sense of hope and optimism for the future

Memorials to Shattered Myths Harriet Senie, 2016 Memorials to Shattered Myths Vietnam to 9 11 traces the evolution and consequences of a new hybrid paradigm which grants a heroic status to victims of national tragedies and by extension to their families thereby creating a class of privileged participants in the permanent memorial process Harriet F Senie suggests that instead the victims families be able to determine the nature of an interim memorial one that addresses their needs in the critical time between the murder of their loved ones and the completion of the permanent memorial She also observes that the memorials discussed herein are inadvertently based on strategies of diversion and denial that direct our attention away from actual events and reframe tragedy as secular or religious triumph In doing so they camouflage history and seen as an aggregate they define a nation of victims exactly the concept they and their accompanying celebratory narratives were
