The Essential Guide to Practical Astrology April Kent, 2011-06-07 A down to earth guide about the message of the stars. For astrology to be useful there's no need to have a crystal ball, incense, meditation or faith. Learn the practical language of astrology in this clear easy to understand exploration that goes way beyond daily horoscopes and zodiac. With it the reader will be able to calculate and read their own and others birth charts, tell signs and planets from houses, create daily, weekly, monthly and yearly planners, even make predictions for the future. With a glossary and further resources, this guide explores why horoscopes and descriptions of sun signs are usually wrong, why many astrologers use the wrong zodiac, the several different houses system, all the planetary aspects that go beyond the sun and moon, the many cycles that determine an astrological forecast.
