Landing on Your Feet and Putting Down Roots Sherry Burton Ways, 2017-06-08 Often it is when we least expect it that life throws us a curve ball and though we might swing at it that doesn't mean we'll always connect. Plans fall apart. Things we thought we knew turn out to be illusory. There is a sense of dislocation when this happens sometimes it is fleeting and we can shake it off but other times it is profound. And unfortunately the dislocation that comes from an unexpected life altering shift is often literal as well as metaphorical. We find ourselves living in a new space and scrambling to make sense of how we arrived there. *Landing on Your Feet and Putting Down Roots* 21 Rituals to Transform Your Life and Interior Space provides simple actionable strategies for adjusting to life after a transition of any kind. In this book Sherry Burton Ways author of *Feel Good Spaces* 2012 shares personal experience. She knows what it means to suddenly find yourself somewhere new and understands the potential impact of small intentional choices. This book offers simple actionable rituals that will quickly make the reader feel at home in their new surroundings.

Everyday Revolutionary Bible Study Guide plus Streaming Video J.D. Greear, 2025-10-07 Living quietly for God and speaking your faith loudly. Have you felt the tension between living faithfully as a Christian and navigating an increasingly complex cultural landscape? Perhaps you've found yourself wrestling with questions that seem to have no clear answers. Questions such as: When should you speak up and when should you stay silent? How can you show love to your neighbors while standing firm in your convictions? What does it mean to be both gracious and truthful in a world that often sees these as mutually exclusive? Join pastor J. D. Greear as he answers these questions by looking at the life of Daniel, a Jewish man who was distinctively faithful yet genuinely beloved in the culture of Babylon, and at the writings of Peter and other New Testament authors who used Babylon as a metaphor for the secular world after Jesus' ascension. In the process you will discover what it means to live quietly in this world while testifying loudly for Christ, whether that is in your workplace, children's school, neighborhood, or even on social media. Agreement Dick Ferguson, 2025-09-29 Two Roads One Life Changing Journey A Love That Would Redefine Everything. Leo is a man of plans. A computer science major with a color-coded minute-by-minute itinerary for his cross-country trip to a prestigious internship, he believes security is the ultimate goal. Maya is a woman of impulse. An art history major with a messy car and a thirst for authentic experiences, she feels trapped by the conventional future her family expects. When they connect through a university ride share, their only common ground is the destination. But as the miles unfold, Maya proposes a radical idea: The Detour Agreement. For every planned stop, one unplanned adventure. For every safe choice, one risky one. What begins as a playful pact quickly becomes the foundation for a profound connection. Forced into close quarters, their guarded walls crumble, revealing shared fears and hidden desires. A tentative kiss under a starlit sky cracks Leo's orderly world open, and soon their journey becomes a thrilling exploration of not just the American landscape but of each other. They share their deepest insecurities in a roadside diner, their most intimate fantasies in cozy motel rooms, and forge a bond built on a new, terrifying and exhilarating kind of honesty. Their world expands exponentially when they meet Clara and Ben, a charismatic openly bisexual couple who embody a life of radical freedom and profound trust. This encounter offers Leo and Maya a glimpse into a different way of loving, one that challenges societal scripts and celebrates compersion, the joy found in a partner's joy. Suddenly, their own relationship fantasies don't seem so far-fetched. But this new path demands the highest price yet: absolute vulnerability. The support and wisdom they receive come with an invitation to step into their most vulnerable fantasy, testing their young relationship in ways they never imagined. Arriving in Seattle, they find their hard-won authenticity suffocating in the sterile corporate world of their internships. The logical steps they were supposed to take now feel like a betrayal of the vibrant, free people they became on the road. Faced with a future that promises security at the cost of their souls, Leo and Maya are forced to make an impossible choice: Do they conform to the life that was expected of them, or do they honor the Detour Agreement, one final terrifying time, by walking away from it all? The Detour Agreement is a sweeping, sensual and deeply emotional romance that follows two young people as they break every rule in search of a life

that is truly their own It is a story about the courage to choose the unknown over the safe the messy truth over a comfortable lie and a love that is brave enough to redefine its own boundaries This is more than a road trip romance it s a philosophical quest that explores the architecture of intimacy the fluidity of desire and the radical idea that the greatest journey isn t to a place on a map but to the very center of another human being Perfect for fans of emotional character driven love stories that aren t afraid to explore the complexities of modern relationships this book will inspire you to throw away your own map embrace the beautiful detours and find the courage to build a life and a love that is uniquely and authentically yours **The**
