Seeking God Together An Introduction To Group Spiritual Direction:

Seeking God Together Alice Fryling, 2009-10-20 Experienced spiritual director Alice Fryling presents an overview of what group spiritual direction is and how it is practiced offering practical step by step guidance for those who would like to start lead or participate in group spiritual direction

Experience Matthew Floding, Dawn Davis, 2024-11-05 Spiritual formation has gained increasing attention with theological schools as a significant element of the theological education process Repeated Association of Theological Schools studies have revealed a broad interpretation of what is meant by spiritual formation and how it is achieved within the theological education framework Theological schools look to what happens in the field education courses as the most significant source of spiritual formation Experience Spiritual Formation in Theological Field Education provides effective resources that field educators may employ to foster spiritual formation In the first section of the book twenty five practices are introduced that are employed currently by field educators with strong favorable student feedback In a second section ministerial leaders in a variety of settings share spiritual practices that they have found life giving and foster deeper connection with God and God's world Experience equips field educators for the significant task of fostering the spiritual growth of their students Students in turn will have a treasure trove of spiritual formation exercises practices that they can adapt as ministerial leaders in congregations chaplaincy settings and in faith based non profit organizations

Secularism and the Pursuit of Transcendence, Volume I Stanley E. Porter, Wendy J. Porter, 2025-02-20 We live in a secular age or so we have been told Nevertheless the Christian church strongly believes that we still experience and in fact are surrounded by acts of transcendence encounters with God that often defy imagination and explanation And yet we do try to explain such phenomena whether theologically experientially biblically historically philosophically literarily or even or especially artistically These two volumes are more than just papers from a major conference on secularism and the pursuit of transcendence held at McMaster Divinity College in Hamilton Ontario They contain genuine attempts by people deeply engaged with their secular surroundings to explain what we mean by transcendence Transcendence has been a longstanding topic among the best thinkers of this and previous ages and the same is true for these volumes which include contributions by Charles Taylor Robert Wuthnow Merold Westphal and Christina Gschwandtner but also by a wide range of others who address the question from divergent vantage points The responses vary as much as the orientations of those involved in the pursuit of defining not only what it means to live in our secular age but to be involved in the pursuit of transcendence or even to perceive the Transcendent's pursuit of us

Thinking Spiritually in Small Groups Dann Wigner, 2022-05-09 Mystical experiences are happening every day yet as amazing as the experiences can be it is often difficult to integrate these experiences into the rest of life In light of this difficulty I have created mystical reflection as a simple method for sharing one's own mystical experiences in a group setting and listening to the experiences of others in a non judgmental way The theological principle at work here is that if God speaks then everyone can benefit from it Mystical

reflection takes this principle seriously and offers a method of application for integrating the spiritual insights into each person's spirituality

How Then Shall We Guide? Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis

An Open Place Daniel Schrock, Marlene Kropf, 2012-11 Written from an ecumenical standpoint as a practical aid for moving those experienced in individual spiritual direction toward group practices This book responds to the movement to expand spiritual direction beyond the classic one with one model Group spiritual direction has the potential to offer the rich experience of individual spiritual direction to a much wider audience yet very little has been written to provide guidance for starting such groups This book responds to that challenge It outlines ways that a diverse and ecumenical group of spiritual directors worked to initiate groups in multiple contexts It examines the many variables among directors directees even meeting spaces that affect and enliven this ministry And it summarizes pitfalls success and discoveries

Where Two or Three Are Gathered Daniel L. Prechtel, 2012-02-01 Much has been written about the practice of one to one spiritual directions but much less about small group communities that offer in depth mutual spiritual support and guidance to its members But small groups are most likely the more usual setting for spiritual companionship and have strong biblical theological and historical foundation in the Christian tradition This book offers a detailed presentation of ten small group models plus guidance in group leadership dynamics It also presents material related to group retreat work

spiritual guidance with organizations and peer supervision consultation model for supporting leaders of spiritual companionship groups and retreats Church leaders spiritual directors and educators are looking for the kinds of resources this book provides to assist them in understanding and leading groups and retreats The Fourfold Gospel, Volume 1 John DelHousaye, 2020-08-07 In the spirit of Ludolph of Saxony c 1295 1378 and Ignatius of Loyola 1491 1556 The Fourfold Gospel invites the reader into the mystery of God's redemption in Jesus Christ All the parallel passages in the Gospels are glossed together along with the unique material using a medieval interpretive approach called the Quadriga or the acronym PaRDeS in Hebrew Meditating on the literal canonical moral and theological senses of Scripture offers a scaffolding for the spiritual formation of the reader This volume in addition to a thorough introduction to the method and the Gospels focuses on the beginning of the story the birth baptism and temptations of Christ
